The SGX-ST assumes no responsibility for the correctness of any statements made or opinions or reports expressed in this document, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document. the Class B ordinary shares of Meituan

issued by

SG Issuer

(Incorporated in Luxembourg with limited liability)

unconditionally and irrevocably guaranteed by

Société Générale

Issue Price: S\$1.00 per Certificate

This document is published for the purpose of obtaining a listing of all the above certificates (the “**Certificates**”) to be issued by SG Issuer (the “**Issuer**”) unconditionally and irrevocably guaranteed by Société Générale (the “**Guarantor**”), and is supplemental to and should be read in conjunction with a base listing document dated 14 June 2024 including such further base listing documents as may be issued from time to time (the “**Base Listing Document**”), for the purpose of giving information with regard to the Issuer, the Guarantor and the Certificates. Information relating to the Company (as defined below) is contained in this document.

This document does not constitute or form part of any offer, or invitation, to subscribe for or to sell, or solicitation of any offer to subscribe for or to purchase, Certificates or other securities of the Issuer, nor is it calculated to invite, nor does it permit the making of, offers by the public to subscribe for or purchase for cash or other consideration the Certificates or other securities of the Issuer.

Restrictions have been imposed on offers and sales of the Certificates and on distributions of documents relating thereto in Singapore, Hong Kong, the European Economic Area, the United Kingdom and the United States (see “Placing and Sale” contained herein).

The Issuer is obliged to deliver the cash settlement amount (if any) under the terms and conditions of the Certificates upon the termination or expiry, as the case may be. No deposit liability or debt obligation is created of any kind by the issue of the Certificates. The Certificates are not a deposit or other obligation of the Issuer or any other Societe Generale group entity.

The Certificates are structured products issued in the form of a call warrant and are therefore complex products, subject to fluctuation in value. The Certificates are subject to investment risks, including the possible loss of the entire amount invested. Any losses will be borne by you directly. Accordingly, the Certificates are not an alternative to simpler products such as a fixed deposit or plain vanilla bond.

The Certificates are complex products. You should exercise caution in relation to them. Investors are warned that the price of the Certificates may fall in value as rapidly as it may rise and holders may sustain a total loss of their investment. The price of the Certificates also depends on the supply and demand for the Certificates in the market and the price at which the Certificates is trading at any time may differ from the underlying valuation of the Certificates because of market inefficiencies. It is not possible to predict the secondary market for the Certificates. Although the Issuer, the Guarantor and/or any of their affiliates may from time to time purchase the Certificates or sell additional Certificates on the market, the Issuer, the Guarantor and/or any of their affiliates are not obliged to do so. Investors should also note that they may only benefit from a partial participation in the positive performance of the Underlying Stock. The potential payout, and therefore the potential profits which may be realised by investing in the Certificates is capped at **the sum of (i) 100% of the Notional Amount (as defined below) of the Certificates and (ii) the Distribution(s).**

The Certificates are classified as capital markets products other than prescribed capital markets products¹ and Specified Investment Products (SIPs)², and may only be sold to retail investors with enhanced safeguards, including an assessment of such investors' investment knowledge or experience. All investors need to be SIP-qualified in order to invest in the Certificates. The Certificates are generally not suitable for vulnerable investors. The Certificates are for investors who are willing to accept the risk of substantial losses up to a total loss of their investment, possibly within a relatively short timeframe. Certificate holders should also have sufficient understanding of the Certificates. They should possess either a high level of financial markets knowledge or sufficient product and investment experience to properly evaluate and assess the Certificates' structure, associated risks, valuation, costs and expected returns.

The Certificates constitute general unsecured obligations of the Issuer (in the case of any substitution of the Issuer in accordance with the Conditions of the Certificates, the Substituted Obligor as defined in the Conditions of the Certificates) and of no other person, and the guarantee dated 14 June 2024 (the "**Guarantee**") and entered into by the Guarantor constitutes direct unconditional unsecured senior preferred obligations of the Guarantor and of no other person, and if you purchase the Certificates, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the Certificates against any other person.

Application has been made to the SGX-ST for permission to deal in and for quotation of the Certificates and the SGX-ST has agreed in principle to grant permission to deal in and for quotation of the Certificates. It is expected that dealings in the Certificates will commence on or about 1 August 2024.

The Issuer and the Guarantor have entered into a Master Agency Agreement dated 22 April 2022 (the "**Master Agency Agreement**") and, under the Master Agency Agreement, the Guarantor will be acting as the "**Placing Agent**" for the Certificates and undertakes to reasonably endeavour to procure placees for the Certificates. The Placing Agent may enter into sub-placing agreements with financial institutions in Singapore (the "**Sub-Placing Agents**") relating to distributing the Certificates to

¹ As defined in the Securities and Futures (Capital Markets Products) Regulations 2018.

retail investors during the Launch Date (as defined below) and the Expected Listing Date (as defined below).

As of the date hereof, the Guarantor's long term credit rating by S&P Global Ratings is A, and by Moody's Investors Service, Inc. is A1.

The Issuer is regulated by the Luxembourg Commission de Surveillance du Secteur Financier on a consolidated basis and the Guarantor is regulated by, *inter alia*, the Autorité des Marchés Financiers, the Autorité de Contrôle Prudentiel et de Résolution and the European Central Bank.

Subject as set out below, the Issuer and the Guarantor accept full responsibility for the accuracy of the information contained in this document and the Base Listing Document in relation to themselves and the Certificates. To the best of the knowledge and belief of the Issuer and the Guarantor (each of which has taken all reasonable care to ensure that such is the case), the information contained in this document and the Base Listing Document for which they accept responsibility (subject as set out below in respect of the information contained herein with regard to the Company) is in accordance with the facts and does not omit anything likely to affect the import of such information. The information with regard to the Company as set out herein is extracted from publicly available information. The Issuer and the Guarantor accept responsibility only for the accurate reproduction of such information. No further or other responsibility or liability in respect of such information is accepted by the Issuer and the Guarantor.

No person has been authorised to give any information or to make any representation other than those contained in this document in connection with the offering of the Certificates, and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer or the Guarantor. Neither the delivery of this document nor any sale made hereunder shall under any circumstances create any implication that there has been no change in the affairs of the Issuer, the Guarantor or their respective subsidiaries and associates since the date hereof.

This document does not constitute an offer or invitation by or on behalf of the Issuer or the Guarantor to purchase or subscribe for any of the Certificates. The distribution of this document and the offering of the Certificates may, in certain jurisdictions, be restricted by law. The Issuer and the Guarantor require persons into whose possession this document comes to inform themselves of and observe all such restrictions. In particular, the Certificates and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended or any state securities law, and trading in the Certificates has not been approved by the United States Commodity Futures Trading Commission (the “**CFTC**”) under the United States Commodity Exchange Act of 1936, as amended and the Issuer has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended, and the rules and regulations thereunder. None of the Securities and Exchange Commission, any state securities commission or regulatory authority or any other United States, French or other regulatory authority has approved or disapproved of the Certificates or the Guarantee or passed upon the accuracy or adequacy of this document. Accordingly, Certificates, or interests therein, may not at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, nor may any U.S. person at any time trade, own, hold or maintain a position in the Certificates or any interests therein. In addition, in the absence of relief from the CFTC, offers, sales, re-sales, trades, pledges, exercises, redemptions, transfers or deliveries of Certificates, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading and commodity pools. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised. A further description of certain restrictions on offering and sale of the Certificates and distribution of this document is given in the section headed “Placing and Sale” contained herein.

The SGX-ST has made no assessment of, nor taken any responsibility for, the financial soundness of the Issuer or the Guarantor or the merits of investing in the Certificates, nor have they verified the accuracy or the truthfulness of statements made or opinions expressed in this document.

The Issuer, the Guarantor and/or any of their affiliates may repurchase Certificates at any time on or after the date of issue and any Certificates so repurchased may be offered from time to time in one or more transactions in the over-the-counter market or otherwise at prevailing market prices or in

negotiated transactions, at the discretion of the Issuer, the Guarantor and/or any of their affiliates. Investors should not therefore make any assumption as to the number of Certificates in issue at any time.

RISK FACTORS

The following are risk factors relating to the Certificates:

- (a) investment in Certificates involves substantial risks including market risk, liquidity risk, and the risk that the Issuer and/or the Guarantor will be unable to satisfy its/their obligations under the Certificates. Investors should ensure that they understand the nature of all these risks before making a decision to invest in the Certificates. You should consider carefully whether Certificates are suitable for you in light of your experience, objectives, financial position and other relevant circumstances. Certificates are not suitable for inexperienced investors;
- (b) the Certificates constitute general unsecured obligations of the Issuer (in the case of any substitution of the Issuer in accordance with the Conditions of the Certificates, the Substituted Obligor as defined in the Conditions of the Certificates) and of no other person, and the Guarantee constitutes direct unconditional unsecured senior preferred obligations of the Guarantor and of no other person. In particular, it should be noted that the Issuer issues a large number of financial instruments, including Certificates, on a global basis and, at any given time, the financial instruments outstanding may be substantial. If you purchase the Certificates, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the Certificates against any other person;
- (c) since the Certificates relate to the price of the Underlying Stock (as defined below), certain events relating to the Underlying Stock may cause adverse movements in the value and the price of the Underlying Stock, as a result of which, the Certificate Holders (as defined in the Conditions of the Certificates) may sustain a significant loss of their investment if the price of the Underlying Stock has fallen sharply on the Expiry Date. In some extreme circumstances, the Certificate Holders may even sustain a total loss of their investment;
- (d) the Company is controlled through weighted voting rights. Certain individuals who own shares of a class which is being given more votes per share may have the ability to determine the outcome of most matters. If the Company takes actions that the other shareholders do not view as beneficial, the market price of the Underlying Stock and hence the Certificates could be adversely affected;
- (e) due to their nature, the Certificates can be volatile instruments and may be subject to considerable fluctuations in value. The price of the Certificates may fall in value as rapidly as it may rise due to, including but not limited to, the price and volatility of the Underlying Stock, dividends and interest rate, the time remaining to expiry, the currency exchange rates and the creditworthiness of the Issuer and the Guarantor, and investors may sustain a total loss of their investment.

Investors should note that they may only benefit from a partial participation in the positive performance of the Underlying Stock. The potential payout, and therefore the potential profits which may be realised by investing in the Certificates is capped at the sum of (i) 100% of the Notional Amount of the Certificates (as defined below) and (ii) the Distribution(s);

- (f) the occurrence of the Knock-in Event (as defined below) will be determined only when the closing price of the Underlying Stock on the Knock-in Observation Date (as defined below) is available, which may not be during the trading hours of the Relevant Stock Exchange for the Certificates (as defined below). Investors should note that the Knock-in Event may occur during the SGX-ST trading hours and that while the Issuer will make an appropriate announcement, this announcement will take place after the occurrence of the Knock-in Event and may be after

the SGX-ST trading hours. In addition, upon the occurrence of the Knock-in Event, the value of the Certificates may be adversely affected;

- (g) if, whilst any of the Certificates remain unexercised, trading in the Underlying Stock is suspended or halted on the relevant stock exchange, trading in the Certificates may be suspended for a similar period. In the event that a Distribution is payable and the announcement announcing such Distribution is not published on SGXNet by 8:00 a.m. (Singapore time) on the Business Day immediately following the corresponding Observation Date of such Distribution (if such Observation Date does not fall on the Valuation Date), the trading in the Certificates may be suspended until the publication of such announcement on SGXNet;
- (h) as indicated in the Conditions of the Certificates and herein, a Certificate Holder must tender a specified number of Certificates at any one time in order to exercise. Thus, Certificate Holders with fewer than the specified minimum number of Certificates in a particular series will either have to sell their Certificates or purchase additional Certificates, incurring transactions costs in each case, in order to realise their investment;
- (i) Physical Settlement (as defined below) is subject to various conditions, including, without limitation, valid Election Notice (as defined below) for an integral multiple of a Physical Delivery Lot (as defined below) being delivered to the Physical Delivery Agent (as defined below) within the prescribed time frame by the Onboarded Investors (as defined below), Physical Settlement Authorisation (as defined below) being delivered to the Issuer within the prescribed time frame by the Physical Delivery Agent and Occurrence of Physical Settlement Event (as defined below);
- (j) all matters relating to Onboarding (as defined below) are subject to the sole and absolute discretion of the Physical Delivery Agent. Onboarding will not complete and the Other Investors will not be entitled to deliver the Election Notice to the Physical Delivery Agent if, among others:
 - (i) the Physical Delivery Agent rejects the Other Investor's application to open an account with it for whatsoever reason;
 - (ii) by the Onboarding Completion Date (as defined below), the Physical Delivery Agent does not establish business relations with the Other Investor for any reason;
 - (iii) the requisite requirements prescribed by the Physical Delivery Agent for the delivery of the Physical Settlement Stock (as defined below) (including, without limitation, the deposit of the relevant Certificates into the securities account designated by the Physical Delivery Agent by the Onboarding Completion Date) have not been fulfilled; or
 - (iv) the delivery of the Physical Settlement Stock to the Other Investor may infringe any applicable law, regulation or rule or necessitate compliance with conditions or requirements which the Physical Delivery Agent, in its absolute discretion, determines to be onerous or impracticable by reason of costs, delay or otherwise;
- (k) the Physical Delivery Agent may determine that no Physical Settlement Authorisation (as defined below) shall be delivered in respect of the Certificates for which a valid Election Notice has been received. Upon receipt of a valid Election Notice, the Physical Delivery Agent may determine that no Physical Settlement Authorisation shall be delivered in respect of such Certificates if the delivery of the Physical Settlement Stock to the Onboarded Investors (as defined below) may infringe any applicable law, regulation or rule or necessitate compliance with conditions or requirements which the Physical Delivery Agent, in its absolute discretion, determines to be onerous or impracticable by reason of costs, delay or otherwise;

- (l) the Issuer may determine that the Certificates in respect of which a Physical Settlement Authorisation has been provided shall not be physically settled. Upon the occurrence of a Physical Settlement Event (as defined below), the Issuer is entitled (but not obliged) to physically settle in accordance with the Conditions those Certificates in respect of which it has received a Physical Settlement Authorisation. Without prejudice to the generality of the foregoing, the Issuer may determine that the Certificates in respect of which a Physical Settlement Authorisation has been provided shall not be physically settled where:
- (i) no Physical Settlement Event has occurred; and/or
 - (ii) the delivery of the Physical Settlement Stock to the Physical Delivery Agents and/or the Onboarded Investors may infringe any applicable law, regulation or rule or necessitate compliance with conditions or requirements which the Issuer, in its absolute discretion, determines to be onerous or impracticable by reason of costs, delay or otherwise;
- (m) If the Physical Settlement is applicable, Onboarded Investors will only be able to receive the Physical Settlement Stock after the Physical Delivery Agent's receipt of the same from the Issuer on the Physical Settlement Date (as defined below), and it will always be later than the date when Onboarded Investors could receive the Cash Settlement Amount if the Certificates are cash settled. When the Onboarded Investors will receive the Physical Settlement Stock and the Cash Residual Amount (as defined below) from the Physical Delivery Agent would be subject to the agreements or arrangements between the Physical Delivery Agent and the Onboarded Investors. Please consult your selected Physical Delivery Agent for further details;
- (n) If the Physical Settlement is applicable, Onboarded Investors may receive the Physical Settlement Stock and be exposed to the market risk of holding the Underlying Stock after the Valuation Date. Please note that the value of the Physical Settlement Stock after the Valuation Date together with the Cash Residual Amount may be less than the Cash Settlement Amount which Onboarded Investors could receive if the Certificates are cash settled;
- (o) investors should note that in the event of there being a Market Disruption Event (as defined in the Conditions) determination or payment of the Cash Settlement Amount (as defined below) and the Distribution(s) (as defined below) may be delayed, all as more fully described in the Conditions;
- (p) investors should note that, in the event of there being a Settlement Disruption Event (as defined in the Conditions), physical delivery of the Physical Settlement Stock may be delayed, as more fully described in the Conditions. Investors should also note that in the event the Issuer determines to physically settle the relevant Certificates, upon occurrence of a Settlement Disruption Event, the Issuer retains the discretion to cash settle the relevant Certificates in the circumstances described in the Conditions;
- (q) certain events relating to the Underlying Stock require or, as the case may be, permit the Issuer to make certain adjustments or amendments to the Conditions. Investors may refer to the "Information relating to the European Style Structured Certificates (Autocallable Certificates)" section of this document for examples and illustrations of adjustments that may be made to the terms of the Certificates due to certain corporate actions on the Underlying Stock;
- (r) the Certificates are only exercisable on the Expiry Date or the Early Expiry Date (as defined below), as the case may be, and may not be exercised by Certificate Holders prior to such date. In the event that there is non-occurrence of an Automatic Early Expiry (as defined below), if on the Expiry Date the Cash Settlement Amount is zero and no Distribution is payable, a Certificate Holder will lose the value of his investment;

- (s) investors should note that there may be an exchange rate risk relating to the Certificates where the Closing Price is converted from a foreign currency into Singapore Dollars when determining the Physical Settlement Stock and the Cash Residual Amount.

Exchange rates between currencies are determined by forces of supply and demand in the foreign exchange markets. These forces are, in turn, affected by factors such as international balances of payments and other economic and financial conditions, government intervention in currency markets and currency trading speculation. Fluctuations in foreign exchange rates, foreign political and economic developments, and the imposition of exchange controls or other foreign governmental laws or restrictions applicable to such investments may affect the foreign currency market price and the exchange rate-adjusted equivalent price of the Certificates. Fluctuations in the exchange rate of any one currency may be offset by fluctuations in the exchange rate of other relevant currencies

- (t) in the event that there is occurrence of an Automatic Early Expiry, the Certificates will expire earlier. Following an Automatic Early Expiry, investors may not be able to reinvest the proceeds from such Automatic Early Expiry at a comparable return for a similar level of risk. Investors should consider such reinvestment risk in light of other available investments when they purchase the Certificates. Please refer to the “Information relating to the European Style Structured Certificates (Autocallable Certificates)” section of this document for the examples and illustrations of the calculation of the Cash Settlement Amount and the Distribution(s) upon occurrence of an Automatic Early Expiry;
- (u) certain events may, pursuant to the terms and conditions of the Certificates, trigger (i) the implementation of methods of adjustment or (ii) the early termination of the Certificates. The Issuer will give the investors reasonable notice of any early termination. If the Issuer terminates the Certificates early, then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificate Holder in respect of each Certificate held by such holder equal to the fair market value of the Certificate less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion. The performance of this commitment shall depend on (i) general market conditions and (ii) the liquidity conditions of the underlying instrument(s) and, as the case may be, of any other hedging transactions. Investors should note that the amount repaid by the Issuer may be less than the amount initially invested. Investors may refer to the Condition 13 for more information;
- (v) there is no assurance that an active trading market for the Certificates will sustain throughout the life of the Certificates, or if it does sustain, it may be due to market making on the part of the Designated Market Maker. The Issuer acting through its Designated Market Maker may be the only market participant buying and selling the Certificates. Therefore, the secondary market for the Certificates may be limited and you may not be able to realise the value of the Certificates. Do note that the bid-ask spread increases with illiquidity;
- (w) in the ordinary course of their business, including without limitation, in connection with the Issuer or its appointed designated market maker’s market making activities, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may have a position or interest in the Underlying Stock, and may effect transactions for their own account or for the account of their customers and hold long or short positions in the Underlying Stock. In addition, in connection with the offering of any Certificates, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may enter into one or more hedging transactions with respect to the Underlying Stock. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer, the Guarantor and any of

their respective subsidiaries and affiliates, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may enter into transactions in the Underlying Stock where conflicts of interest may arise, and/or which may affect the market price, liquidity or value of the Certificates and which may affect the interests of Certificate Holders, and investors consent to the Issuer, Guarantor and any of their respective subsidiaries and affiliates entering into such transactions.

The Issuer, the Guarantor and their affiliates act or may act in different capacities in relation to the issue of the Certificates, including without limitation:

- (A) the Issuer is the issuer of the Certificates;
- (B) Societe Generale acts as designated market maker for the Certificates, and as master placement agent for the Certificates;
- (C) Societe Generale may at its sole and absolute discretion enter into contracts with other sub-placing agents for the physical delivery of underlying shares; and
- (D) Societe Generale, Singapore Branch is authorized to distribute and market the Certificates.

For the avoidance of doubt and as an independent stipulation, investors agree to each of the Issuer, the Guarantor and its affiliates providing different services and/or performing different roles in relation to the issuance, offer and/or dealing in the Certificates. Each investor acknowledges and agrees that the provision of such services or the undertaking of such roles may not always be consistent with the interests of the investors.

Each investor agrees that subject to mandatory applicable law which cannot be derogated from, no implied duties or obligations shall be imposed on the Issuer, the Guarantor and their affiliates under the Certificates, and in connection with or as a result of the investor's subscription or purchase of the Certificates.

The Issuer, the Guarantor and their affiliates may (i) receive benefits, fees, spreads, mark-ups and/or profits as a result of their multiple roles as issuer, guarantor, custodian, calculation agent, designated market maker, master placing agent, hedging party, entering into forward and other derivative contracts, and/or distributor (whether in the nature of a fiduciary, similar or additional duty or relationship or otherwise) and (ii) pay fees and commissions, and/or provide rebates, benefits or discounted prices to sub-placing agents, and each investor fully consents to (i) each of the Issuer, the Guarantor and their affiliates acting in such capacities, taking on such roles, and entering into such transactions, (ii) each of the Issuer, the Guarantor and their affiliates not being liable to notify nor to account for, and each of them, retaining such benefits, fees, spreads, mark-ups and/or profits for their own account, (iii) each of the Issuer, the Guarantor and their affiliates not being liable to notify nor to account for, and each of them, paying fees and commissions and/or providing rebates, benefits and discounted prices to sub-placing agents and (iv) each of the sub-placing agents retaining such fees, commissions, rebates, benefits and/or discounted prices. Each investor acknowledges and agrees that none of the Issuer, the Guarantor and their affiliates acts as fiduciary to any investor nor assumes any such obligations, and that none of the Issuer, the Guarantor and their affiliates is obliged to notify, and is liable to account to, any investor or any other person for (and each investor or such other person shall not be entitled to ask for) disclosure of the fact or the amount of, any benefits, fees, spreads, mark-ups and/or profits resulting from any of the aforementioned roles, other than is already disclosed in this document. Each investor agrees that it will have no claim against the Issuer, the Guarantor and their affiliates for, and it consents to, (i) the receipt, acceptance and retention by the Issuer, the Guarantor and their affiliates of, such benefits, fees, spreads, mark-ups and/or profits arising from any such multiple roles, and (ii) the payment by

the Issuer, the Guarantor and their affiliates to, and the receipt, acceptance and retention by, the sub-placing agent of fees, commissions, rebates, benefits and/or discounted prices.

Subject to mandatory applicable laws which cannot be derogated from, regulations and listing rules, the Guarantor and its affiliates may enter into off-exchange transactions in the capacity of Certificate Holder at their discretion to sell the Certificates at a price which may be different from the price of the Certificates quoted on the SGX-ST by the Guarantor in its capacity of the designated market maker;

- (x) various potential and actual conflicts of interest may arise from the overall activities of the Issuer, the Guarantor and/or any of their subsidiaries and affiliates.

The Issuer, the Guarantor and any of their subsidiaries and affiliates are diversified financial institutions with relationships in countries around the world. These entities engage in a wide range of commercial and investment banking, brokerage, funds management, hedging transactions and investment and other activities for their own account or the account of others. In addition, the Issuer, the Guarantor and any of their subsidiaries and affiliates, in connection with their other business activities, may possess or acquire material information about the Underlying Stock. Such activities and information may involve or otherwise affect issuers of the Underlying Stock in a manner that may cause consequences adverse to the Certificate Holders or otherwise create conflicts of interests in connection with the issue of Certificates by the Issuer. Such actions and conflicts may include, without limitation, the exercise of voting power, the purchase and sale of securities, financial advisory relationships and exercise of creditor rights. The Issuer, the Guarantor and any of their subsidiaries and affiliates have no obligation to disclose such information about the Underlying Stock or such activities. The Issuer, the Guarantor and any of their subsidiaries and affiliates and their officers and directors may engage in any such activities without regard to the issue of Certificates by the Issuer or the effect that such activities may directly or indirectly have on any Certificate;

- (y) legal considerations which may restrict the possibility of certain investments:

Some investors' investment activities are subject to specific laws and regulations or laws and regulations currently being considered by various authorities. All potential investors must consult their own legal advisers to check whether and to what extent (i) they can legally purchase the Certificates (ii) the Certificates can be used as collateral security for various forms of borrowing (iii) if other restrictions apply to the purchase of Certificates or their use as collateral security. Financial institutions must consult their legal advisers or regulators to determine the appropriate treatment of the Certificates under any applicable risk-based capital or similar rules;

- (z) the credit rating of the Guarantor is an assessment of its ability to pay obligations, including those on the Certificates. Consequently, actual or anticipated declines in the credit rating of the Guarantor may affect the market value of the Certificates;

- (aa) the Certificates are linked to the Underlying Stock and subject to the risk that the price of the Underlying Stock may decline. The following is a list of some of the significant risks associated with the Underlying Stock:

- Historical performance of the Underlying Stock does not give an indication of future performance of the Underlying Stock. It is impossible to predict whether the price of the Underlying Stock will fall or rise over the term of the Certificates; and

- The price of the Underlying Stock may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which the Underlying Stock may be traded;
- (bb) two or more risk factors may simultaneously have an effect on the value of a Certificate such that the effect of any individual risk factor may not be predicted. No assurance can be given as to the effect any combination of risk factors may have on the value of a Certificate;
- (cc) as the Certificates are represented by a global warrant certificate which will be deposited with The Central Depository (Pte) Limited (“**CDP**”):
 - (i) investors should note that no definitive certificate will be issued in relation to the Certificates;
 - (ii) there will be no register of Certificate Holders and each person who is for the time being shown in the records maintained by CDP as entitled to a particular number of Certificates by way of interest (to the extent of such number) in the global warrant certificate in respect of those Certificates represented thereby shall be treated as the holder of such number of Certificates;
 - (iii) investors will need to rely on any statements received from their brokers/custodians as evidence of their interest in the Certificates; and
 - (iv) notices to such Certificate Holders will be published on the web-site of the SGX-ST. Investors will need to check the web-site of the SGX-ST regularly and/or rely on their brokers/custodians to obtain such notices;

- (dd) the US Foreign Account Tax Compliance Act (“**FATCA**”) withholding risk:

FATCA generally imposes a 30 per cent. withholding tax on certain U.S.-source payments to certain non-US persons that do provide certification of their compliance with IRS rules to disclose the identity of their US owners and account holders (if any) or establish a basis for exemption for such disclosure. The Issuer or an investor’s broker or custodian may be subject to FATCA and, as a result, may be required to obtain certification from investors that they have complied with FATCA disclosure requirements or have established a basis for exemption from FATCA. If an investor does not provide the Issuer or the relevant broker or custodian with such certification, the Issuer and the Guarantor or other withholding agent could be required to withhold U.S. tax on U.S.-source income (if any) paid pursuant to the Certificates. In certain cases, the Issuer or the relevant broker or custodian could be required to close an account of an investor who does not comply with the FATCA certification procedures.

FATCA IS PARTICULARLY COMPLEX. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO DETERMINE HOW THIS LEGISLATION MIGHT AFFECT EACH INVESTOR IN ITS PARTICULAR CIRCUMSTANCES;

- (ee) U.S. withholding tax

The Issuer has determined that this Certificate is not linked to U.S. Underlying Equities within the meaning of applicable regulations under Section 871(m) of the United States Internal Revenue Code, as discussed in the accompanying Base Listing Document under “TAXATION—TAXATION IN THE UNITED STATES OF AMERICA—Section 871(m) of the U.S. Internal Revenue Code of 1986.” Accordingly, the Issuer expects that Section 871(m) will not apply to the Certificates. Such determination is not binding on the IRS, and the IRS may disagree with this determination. Section 871(m) is complex and its application may depend on

a Certificate Holder's particular circumstances. Certificate Holders should consult with their own tax advisers regarding the potential application of Section 871(m) to the Certificates; and

- (ff) risk factors relating to the BRRD

French and Luxembourg law and European legislation regarding the resolution of financial institutions may require the write-down or conversion to equity of the Certificates or other resolution measures if the Issuer or the Guarantor is deemed to meet the conditions for resolution.

Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the “**BRRD**”) entered into force on 2 July 2014. The BRRD, as amended, has been implemented into Luxembourg law by, among others, the Luxembourg act dated 18 December 2015 on the failure of credit institutions and certain investment firms, as amended (the “**BRR Act 2015**”). Under the BRR Act 2015, the competent authority is the Luxembourg financial sector supervisory authority (*Commission de surveillance du secteur financier*, the CSSF) and the resolution authority is the CSSF acting as resolution council (*conseil de résolution*).

In April 2023, the EU Commission released a proposal to amend, in particular, the BRRD according to which senior preferred debt instruments would no longer rank pari passu with any non covered non preferred deposits of the Issuer; instead, senior preferred debt instruments would rank junior in right of payment to the claims of all depositors.

This proposal will be discussed and amended by the European Parliament and the European Council before being final and applicable. If the Commission proposal was adopted as is, there may be an increased risk of an investor in senior preferred debt instruments losing all or some of their investment in the context of the exercise of the Bail-in Power. The proposal may also lead to a rating downgrade for senior preferred debt instruments.

Moreover, Regulation (EU) No. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism (“**SRM**”) and a Single Resolution Framework (the “**SRM Regulation**”) has established a centralised power of resolution entrusted to a Single Resolution Board (the “**SRB**”) in cooperation with the national resolution authorities.

Since November 2014, the European Central Bank (“**ECB**”) has taken over the prudential supervision of significant credit institutions in the member states of the Eurozone under the Single Supervisory Mechanism (“**SSM**”). In addition, the SRM has been put in place to ensure that the resolution of credit institutions and certain investment firms across the Eurozone is harmonised. As mentioned above, the SRM is managed by the SRB. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the EU Member States’ resolution authorities under the BRRD for those credit institutions and certain investment firms subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the beginning of 2016.

Societe Generale has been, and continues to be, designated as a significant supervised entity for the purposes of Article 49(1) of Regulation (EU) No 468/2014 of the ECB of 16 April 2014 establishing the framework for cooperation within the SSM between the ECB and national competent authorities and with national designated authorities (the “**SSM Regulation**”) and is consequently subject to the direct supervision of the ECB in the context of the SSM. This means that Societe Generale and SG Issuer (being covered by the consolidated prudential supervision

of Societe Generale) are also subject to the SRM which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large part, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

The stated aim of the BRRD and the SRM Regulation is to provide for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and certain investment firms. The regime provided for by the BRRD is, among other things, stated to be needed to provide the resolution authority designated by each EU Member State (the “**Resolution Authority**”) with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution’s critical financial and economic functions while minimising the impact of an institution’s failure on the economy and financial system (including taxpayers’ exposure to losses).

In accordance with the provisions of the SRM Regulation, when applicable, the SRB, has replaced the national resolution authorities designated under the BRRD with respect to all aspects relating to the decision-making process and the national resolution authorities designated under the BRRD continue to carry out activities relating to the implementation of resolution schemes adopted by the SRB. The provisions relating to the cooperation between the SRB and the national resolution authorities for the preparation of the institutions’ resolution plans have applied since 1 January 2015 and the SRM has been fully operational since 1 January 2016.

The SRB is the Resolution Authority for the Issuer and the Guarantor.

The powers provided to the Resolution Authority in the BRRD and the SRM Regulation include write-down/conversion powers to ensure that capital instruments (including subordinated debt instruments) and eligible liabilities (including senior debt instruments if junior instruments prove insufficient to absorb all losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (the “**Bail-in Power**”). The conditions for resolution under the SRM Regulation are deemed to be met when: (i) the Resolution Authority determines that the institution is failing or is likely to fail, (ii) there is no reasonable prospect that any measure other than a resolution measure would prevent the failure within a reasonable timeframe, and (iii) a resolution measure is necessary for the achievement of the resolution objectives (in particular, ensuring the continuity of critical functions, avoiding a significant adverse effect on the financial system, protecting public funds by minimizing reliance on extraordinary public financial support, and protecting client funds and assets) and winding up of the institution under normal insolvency proceedings would not meet those resolution objectives to the same extent.

The Resolution Authority could also, independently of a resolution measure or in combination with a resolution measure, fully or partially write-down or convert capital instruments (including subordinated debt instruments) into equity when it determines that the institution or its group will no longer be viable unless such write-down or conversion power is exercised or when the institution requires extraordinary public financial support (except when extraordinary public financial support is provided in Article 10 of the SRM Regulation). The terms and conditions of the Certificates contain provisions giving effect to the Bail-in Power in the context of resolution and write-down or conversion of capital instruments at the point of non-viability.

The Bail-in Power could result in the full (i.e., to zero) or partial write-down or conversion of the Certificates into ordinary shares or other instruments of ownership, or the variation of the terms of the Certificates (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). Extraordinary public financial support

should only be used as a last resort after having assessed and applied, to the maximum extent practicable, the resolution measures. No support will be available until a minimum amount of contribution to loss absorption and recapitalization of 8% of total liabilities including own funds has been made by shareholders, holders of capital instruments and other eligible liabilities through write-down, conversion or otherwise.

In addition to the Bail-in Power, the BRRD provides the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution's business, the creation of a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), removing management, appointing an interim administrator, and discontinuing the listing and admission to trading of financial instruments.

Before taking a resolution measure, including implementing the Bail-in Power, or exercising the power to write down or convert relevant capital instruments, the Resolution Authority must ensure that a fair, prudent and realistic valuation of the assets and liabilities of the institution is carried out by a person independent from any public authority.

The BRRD, the BRR Act 2015 and the SRM Regulation however also state that, under exceptional circumstances, if the bail-in instrument is applied, the SRB, in cooperation with the CSSF, may completely or partially exclude certain liabilities from the application of the impairment or conversion powers under certain conditions.

Since 1 January 2016, EU credit institutions (such as Societe Generale) and certain investment firms have to meet, at all times, a minimum requirement for own funds and eligible liabilities ("**MREL**") pursuant to Article 12 of the SRM Regulation. The MREL, which is expressed as a percentage of the total liabilities and own funds of the institution, aims at preventing institutions from structuring their liabilities in a manner that impedes the effectiveness of the Bail-in Power in order to facilitate resolution.

The regime has evolved as a result of the changes adopted by the EU legislators. On 7 June 2019, as part of the contemplated amendments to the so-called "EU Banking Package", the following legislative texts were published in the Official Journal of the EU 14 May 2019:

- Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the BRRD as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms ("**BRRD II**"); and
- Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending the SRM Regulation as regards the loss-absorbing and recapitalisation capacity ("**TLAC**") of credit institutions and investment firms (the "**SRM II Regulation**" and, together with the BRRD II, the "**EU Banking Package Reforms**").

The EU Banking Package Reforms introduced, among other things, the TLAC standard as implemented by the Financial Stability Board's TLAC Term Sheet ("**FSB TLAC Term Sheet**"), by adapting, among other things, the existing regime relating to the specific MREL with aim of reducing risks in the banking sector and further reinforcing institutions' ability to withstand potential shocks will strengthen the banking union and reduce risks in the financial system.

The TLAC has been implemented in accordance with the FSB TLAC Term Sheet, which impose a level of "Minimum TLAC" that will be determined individually for each global systemically important bank ("**G-SIB**"), such as Societe Generale, in an amount at least equal to (i) 16%,

plus applicable buffers, of risk weight assets since January 1, 2022 and 18%, plus applicable buffers, thereafter and (ii) 6% of the Basel III leverage ratio denominator since January 1, 2022 and 6.75% thereafter (each of which could be extended by additional firm-specific requirements).

Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the “**CRR**”), as amended by Regulation (EU) 2019/876 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements (the “**CRR II**”), EU G-SIBs, such as Societe Generale, have to comply with TLAC requirements, on top of the MREL requirements, since the entry into force of the CRR II. As such, G-SIBs, such as Societe Generale have to comply with both the TLAC and MREL requirements.

Consequently, the criteria for MREL-eligible liabilities have been closely aligned with the criteria for TLAC-eligible liabilities under CRR II, but subject to the complementary adjustments and requirements introduced in the BRRD II. In particular, certain debt instruments with an embedded derivative component, such as certain structured notes, will be eligible, subject to certain conditions, to meet MREL requirements to the extent that they have a fixed or increasing principal amount repayable at maturity that is known in advance with only an additional return permitted to be linked to that derivative component and dependent on the performance of a reference asset.

The level of capital and eligible liabilities required under MREL is set by the SRB for Societe Generale on an individual and/or consolidated basis based on certain criteria including systemic importance and may also be set for SG Issuer. Eligible liabilities may be senior or subordinated, provided, among other requirements, that they have a remaining term of at least one year and, they recognise contractually the Resolution Authority's power to write down or convert the liabilities governed by non-EU law.

The scope of liabilities used to meet MREL includes, in principle, all liabilities resulting from claims arising from ordinary unsecured creditors (non-subordinated liabilities) unless they do not meet specific eligibility criteria set out in BRRD, as amended by BRRD II. To enhance the resolvability of institutions and entities through an effective use of the bail-in tool, the SRB should be able to require that MREL be met with own funds and other subordinated liabilities, in particular where there are clear indications that bailed-in creditors are likely to bear losses in resolution that would exceed the losses that they would incur under normal insolvency proceedings. Moreover the SRB should assess the need to require institutions and entities to meet the MREL with own funds and other subordinated liabilities where the amount of liabilities excluded from the application of the bail-in tool reaches a certain threshold within a class of liabilities that includes MREL-eligible liabilities. Any subordination of debt instruments requested by the SRB for the MREL shall be without prejudice to the possibility to partly meet the TLAC requirements with non-subordinated debt instruments in accordance with the CRR, as amended by the CRR II, as permitted by the TLAC standard. Specific requirements apply to resolution groups with assets above EUR 100 billion (top-tier banks, including Societe Generale).

- (i) *pari passu* with all other direct, unconditional, unsecured and unsubordinated obligations of the Guarantor outstanding as of the date of the entry into force of the law no. 2016-1691 (the “**Law**”) on 11 December 2016;
- (ii) *pari passu* with all other present or future direct, unconditional, unsecured and senior preferred obligations (as provided for in Article L. 613-30-3 I 3° of the Code) of the Guarantor issued after the date of the entry into force of the Law on 11 December 2016;
- (iii) junior to all present or future claims of the Guarantor benefiting from the statutorily preferred exceptions; and
- (iv) senior to all present and future senior non-preferred obligations (as provided for in Article L.613-30-3 I 4° of the Code) of the Guarantor.

In the event of the failure of the Issuer to promptly perform its obligations to any Certificate Holder under the terms of the Certificates, such Certificate Holder may, but is not obliged to, give written notice to the Guarantor at Société Générale, Tour Société Générale, 75886 Paris Cedex 18, France marked for the attention of SEGL/JUR/OMF - Market Transactions & Financing.

- (c) *Transfer*. The Certificates are represented by a global warrant certificate (“**Global Warrant**”) which will be deposited with The Central Depository (Pte) Limited (“**CDP**”). Certificates in definitive form will not be issued. Transfers of Certificates may be effected only in Board Lots or integral multiples thereof. All transactions in (including transfers of) Certificates, in the open market or otherwise, must be effected through a securities account with CDP. Title will pass upon registration of the transfer in the records maintained by CDP.
- (d) *Title*. Each person who is for the time being shown in the records maintained by CDP as entitled to a particular number of Certificates shall be treated by the Issuer, the Guarantor and the Warrant Agent as the holder and absolute owner of such number of Certificates, notwithstanding any notice to the contrary. The expression “**Certificate Holder**” shall be construed accordingly.
- (e) *Bail-In*. By the acquisition of Certificates, each Certificate Holder (which, for the purposes of this Condition, includes any current or future holder of a beneficial interest in the Certificates) acknowledges, accepts, consents and agrees:
 - (i) to be bound by the effect of the exercise of the Bail-In Power (as defined below) by the Relevant Resolution Authority (as defined below) on the Issuer’s liabilities under the Certificates, which may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or the Guarantor or another person (and the issue to the Certificate Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the Conditions of the Certificates, in which case the Certificate Holder agrees to accept in lieu of its rights under the Certificates any such shares, other securities or other obligations of the Issuer or the Guarantor or another person;

- (C) the cancellation of the Certificates; and/or
- (D) the amendment or alteration of the expiration of the Certificates or amendment of the amounts payable on the Certificates, or the date on which the amounts become payable, including by suspending payment for a temporary period; and

that terms of the Certificates are subject to, and may be varied, if necessary, to give effect to the exercise of the Bail-In Power by the Relevant Resolution Authority or the regulator,

(the “**Statutory Bail-In**”);

- (ii) if the Relevant Resolution Authority exercises its Bail-In Power on liabilities of the Guarantor, pursuant to Article L.613-30-3-I-3 of the French Monetary and Financial Code (the “**Code**”):

(A) ranking:

- (1) junior to liabilities of the Guarantor benefitting from statutorily preferred exceptions pursuant to Article L.613-30-3-I 1° and 2 of the Code;
- (2) *pari passu* with liabilities of the Guarantor as defined in Article L.613-30-3-I-3 of the Code; and
- (3) senior to liabilities of the Guarantor as defined in Article L.613-30-3-I-4 of the Code; and

(B) which are not *titres non structurés* as defined under Article R.613-28 of the Code, and

(C) which are not or are no longer eligible to be taken into account for the purposes of the MREL (as defined below) ratio of the Guarantor

and such exercise of the Bail-In Power results in the write-down or cancellation of all, or a portion of, the principal amount of, or the outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or the outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of the Guarantor or another person, including by means of variation to their terms and conditions in order to give effect to such exercise of Bail-In Power, then the Issuer’s obligations under the Certificates will be limited to (i) payment of the amount as reduced or cancelled that would be recoverable by the Certificate Holders and/or (ii) the delivery or the payment of value of the shares or other securities or other obligations of the Guarantor or another person that would be paid or delivered to the Certificate Holders as if, in either case, the Certificates had been directly issued by the Guarantor itself and any Amount Due under the Certificates had accordingly been directly subject to the exercise of the Bail-In Power (the “**Contractual Bail-in**”).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Statutory Bail-In with respect to the Issuer or the Guarantor unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer or the Guarantor under the applicable laws and regulations in effect in France or Luxembourg

and the European Union applicable to the Issuer or the Guarantor or other members of its group.

No repayment or payment of the Amounts Due will become due and payable or be paid under the Certificates issued by SG Issuer after implementation of the Contractual Bail-in.

Upon the exercise of the Statutory Bail-in or upon implementation of the Contractual Bail-in with respect to the Certificates, the Issuer or the Guarantor will provide a written notice to the Certificate Holders in accordance with Condition 9 as soon as practicable regarding such exercise of the Statutory Bail-in or implementation of the Contractual Bail-in. Any delay or failure by the Issuer or the Guarantor to give notice shall not affect the validity and enforceability of the Statutory Bail-in or Contractual Bail-in nor the effects on the Certificates described above.

Neither a cancellation of the Certificates, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or the Guarantor or another person, as a result of the exercise of the Statutory Bail-in or the implementation of the Contractual Bail-in with respect to the Certificates will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Certificate Holder to any remedies (including equitable remedies) which are hereby expressly waived.

The matters set forth in this Condition shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer, the Guarantor and each Certificate Holder. No expenses necessary for the procedures under this Condition, including, but not limited to, those incurred by the Issuer and the Guarantor, shall be borne by any Certificate Holder.

For the purposes of this Condition:

"Amounts Due" means any amounts due by the Issuer under the Certificates.

"Bail-In Power" means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms, including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, varied or otherwise modified in any way and/or converted into shares or other securities or obligations of the obligor or any other person.

"MREL" means the Minimum Requirement for own funds and Eligible Liabilities as defined in Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time).

"Relevant Resolution Authority" means any authority with the ability to exercise the Bail-in Power on Societe Generale or SG Issuer as the case may be.

2. Certificate Rights and Exercise Expenses

- (a) *Certificate Rights.* Every Certificate entitles each Certificate Holder to (i) (in the event the Cash Settlement Amount is positive) the Cash Settlement Amount or, in lieu of the aggregate Cash Settlement Amount, the Physical Settlement Stock together with the Cash Residual Amount (if any), as the case may be, upon due exercise and on compliance with Condition 4 and (ii) Distribution(s) (as defined in the relevant Supplemental Listing Document) (if applicable and if any), in the manner set out in **Condition 4**.

“**Physical Settlement Stock**” refers to, in respect of a Physical Delivery Lot (as defined in the relevant Supplemental Listing Document) of the Certificates to which the Physical Settlement (as defined below) is applicable, the number of the Underlying Stock to be delivered by the Issuer by the Physical Settlement Date (as defined in the relevant Supplemental Listing Document) to a Physical Delivery Agent (as specified in the relevant Supplemental Listing Document) and equal to (a) the Cash Settlement Amount (less any Exercise Expenses) multiplied by the Physical Delivery Lot; (b) divided by the Closing Price (as defined in the relevant Supplemental Listing Document) multiplied by the Exchange Rate (as defined in the relevant Supplemental Listing Document), rounded down to the nearest integer number of the Underlying Stock.

If the Issuer determines, in its sole discretion, that on the Valuation Date (as defined in the relevant Supplemental Listing Document), any Observation Date (as defined in the relevant Supplemental Listing Document) (if applicable) or any Knock-in Observation Date (as defined in the relevant Supplemental Listing Document) (if applicable), a Market Disruption Event (as defined below) has occurred, then the Valuation Date, such Observation Date or such Knock-in Observation Date shall be postponed until the first succeeding Exchange Business Day (as defined in the relevant Supplemental Listing Document) on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Exchange Business Days immediately following the original date that, but for the Market Disruption Event, would have been a Valuation Date, an Observation Date or a Knock-in Observation Date. In that case:-

- (i) that fifth Exchange Business Day shall be deemed to be the Valuation Date, the Observation Date or the Knock-in Observation Date notwithstanding the Market Disruption Event; and
- (ii) the Issuer shall determine the closing price on the basis of its good faith estimate of the bid price that would have prevailed on that fifth Exchange Business Day but for the Market Disruption Event.

“**Market Disruption Event**” means the occurrence or existence on the Valuation Date, any Observation Date or any Knock-in Observation Date of (i) any suspension of trading in the Underlying Stock on the Relevant Stock Exchange for the Underlying Stock requested by the Company if that suspension is, in the determination of the Issuer, material, (ii) any suspension of or limitation imposed on trading in the Underlying Stock (including but not limited to unforeseen circumstances such as by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or any act of God, war, riot, public disorder, explosion, terrorism or otherwise) on the Relevant Stock Exchange for the Underlying Stock if that suspension or limitation is, in the determination of the Issuer, material, or (iii) the closing of the Relevant Stock Exchange for the Underlying Stock or a disruption to trading on the Relevant Stock Exchange for the Underlying Stock if that disruption is, in the determination of the Issuer, material as a

result of the occurrence of any act of God, war, riot, public disorder, explosion or terrorism.

- (b) *Exercise Expenses.* Certificate Holders will be required to pay all charges which are incurred in respect of the exercise of the Certificates (the “**Exercise Expenses**”). An amount equivalent to the Exercise Expenses will be deducted by the Issuer from the aggregate Cash Settlement Amount in accordance with **Condition 4**. Notwithstanding the foregoing, the Certificate Holders shall account to the Issuer on demand for any Exercise Expenses to the extent that they were not or could not be deducted from the aggregate Cash Settlement Amount prior to the date of payment of the aggregate Cash Settlement Amount to the Certificate Holders in accordance with **Condition 4**.
- (c) *No Rights.* The purchase of Certificates does not confer on the Certificate Holders any right (whether in respect of voting, dividend or other distributions in respect of the Underlying Stock or otherwise) which the holder of an Underlying Stock may have.

3. **Expiry Date**

Unless automatically exercised in accordance with **Condition 4(c)**, the Certificates shall be deemed to expire at 10:00 a.m. (Singapore time) on the Expiry Date or the Early Expiry Date, as the case may be, or if the Expiry Date or the Early Expiry Date, as the case may be, is not a Business Day (as defined below), the immediately following Business Day.

4. **Exercise of Certificates**

- (a) *Exercise.* Certificates may only be exercised on the Expiry Date or the Early Expiry Date, as the case may be, or if the Expiry Date or the Early Expiry Date, as the case may be, is not a Business Day, the immediately following Business Day, in accordance with **Condition 4(c)**.
- (b) *Cash / Physical Settlement.*
 - (i) *Cash Settlement.* Unless the Issuer physically settles the Certificates in accordance with these Conditions, all the Certificates will be cash settled (the “**Cash Settlement**”) in accordance with **Condition 4(c)(i)**. The Certificates may only be exercised and cash settled in Board Lots or integral multiples thereof.
 - (ii) *Physical Settlement*
 - (l) *Issuer’s discretion.* If a Physical Settlement Event (as defined in the relevant Supplemental Listing Document) occurs, the Issuer shall be entitled (but not obliged) to physically settle the Certificates deposited in the securities accounts designated by the Physical Delivery Agents, in respect of which the Physical Delivery Agents have delivered to the Issuer an authorisation of physical settlement (the “**Physical Settlement Authorisation**”), in accordance with **Condition 4(c)(ii)** (the “**Physical Settlement**”).

Without prejudice to the generality of the foregoing, the Issuer may determine that the Certificates in respect of which a Physical Settlement Authorisation has been provided shall not be physically settled where:

- (A) no Physical Settlement Event has occurred; and/or

- (B) the delivery of the Physical Settlement Stock to the Physical Delivery Agents and/or the Onboarded Investors may infringe any applicable law, regulation or rule or necessitate compliance with conditions or requirements which the Issuer, in its absolute discretion, determines to be onerous or impracticable by reason of costs, delay or otherwise.

For the avoidance of doubt, in the event the Issuer determines that the relevant Certificates shall not be physically settled, such Certificates shall be cash settled in accordance with **Condition 4(c)(i)**.

- (II) **Pre-Condition to issuing the Election Notice.** Only the Onboarded Investors (as defined below) who complete the Onboarding (as defined below) by no later than the Onboarding Completion Date are entitled to issue the Election Notice in accordance with **Condition 4(b)(ii)(III)** below.

To issue an Election Notice, investors other than the Onboarded Investors (the “**Other Investors**”), being the Certificate Holders who hold the Certificates in their direct securities accounts with CDP and investors who hold the Certificates through nominees other than the Physical Delivery Agents, are required to:

- (A) by no later than the Onboarding Application Date, submit an application to the Physical Delivery Agent to open an account with it; and
- (B) transfer, or procure the transfer of, the relevant Certificates to the Physical Delivery Agent such that the relevant Certificates are held through the Physical Delivery Agent by no later than the Onboarding Completion Date,

(the foregoing, the “**Onboarding**”).

For the avoidance of doubt, the Physical Delivery Agent has sole and absolute discretion to determine all matters relating to Onboarding. Onboarding will not complete and the Other Investors will not be entitled to deliver the Election Notice to the Physical Delivery Agent if, among others:

- (1) the Physical Delivery Agent rejects the Other Investor’s application to open an account with it for whatsoever reason;
- (2) by the Onboarding Completion Date, the Physical Delivery Agent does not establish business relations with the Other Investor for any reason;
- (3) the requisite requirements prescribed by the Physical Delivery Agent for the delivery of the Physical Settlement Stock (including, without limitation, the deposit of the relevant Certificates into the securities account designated by the Physical Delivery Agent by the Onboarding Completion Date) have not been fulfilled; or

- (4) the delivery of the Physical Settlement Stock to the Other Investors may infringe any applicable law, regulation or rule or necessitate compliance with conditions or requirements which the Physical Delivery Agent, in its absolute discretion, determines to be onerous or impracticable by reason of costs, delay or otherwise.
- (III) *Election Notice.* Investors who maintain an account with the Physical Delivery Agent and hold the Certificates through the Physical Delivery Agents (the “**Onboarded Investors**”) may, by delivering an irrevocable Election Notice (as defined in the relevant Supplemental Listing Document) to a Physical Delivery Agent on or before the Election Notice Date (as specified in the relevant Supplemental Listing Document) in respect of the Exercise Amount of the Certificates, direct the Physical Delivery Agent to deliver to the Issuer the Physical Settlement Authorisation in respect of such Certificates.

No Election Notice shall be accepted after the Election Notice Date and the Certificates in respect of which no valid Election Notice has been received shall be cash settled in accordance with **Condition 4(c)(i)**.

The Election Notice shall:

- (A) declare and confirm that the Onboarded Investor:
- (I) has complied with all requirements prescribed by the Physical Delivery Agent for the purposes of facilitating the Physical Settlement; and;
 - (II) directs the Physical Delivery Agent to deliver to the Issuer the Physical Settlement Authorisation in respect of the relevant Certificates;
- (B) specify the name and contact details of the Onboarded Investor and the Exercise Amount in respect of which the Physical Delivery Agent is entitled to deliver the Physical Settlement Authorisation;
- (C) acknowledge and agree that unless otherwise approved in writing by the Physical Delivery Agent, the Onboarded Investor shall not be entitled to transfer or otherwise deal with the Certificates in respect of which the Election Notice is given with effect from the date of the Election Notice up to the Expiry Date;
- (D) declare and confirm that the Onboarded Investor’s receipt of the Physical Settlement Stock and the Cash Residual Amount (if any) will not infringe any applicable law, regulation or rule; and
- (E) declare that the information set out in the Election Notice is correct and authorise the Issuer, the Physical Delivery Agent and CDP to act and rely on such information.

Any determination as to whether an Election Notice is duly completed, validly delivered and in proper form shall be made by the Physical Delivery Agent in its sole and absolute discretion and shall be conclusive and binding on the Onboarded Investor. Without limiting the generality of the Physical Delivery Agent's discretion, the Physical Delivery Agent may regard any Election Notice invalid if (i) the person issuing the Election Notice is not an Onboarded Investor, (ii) the number of Certificates credited to the Onboarded Investor's securities sub-account with the Physical Delivery Agent is less than the Exercise Amount, (iii) any information, confirmation or declaration in the Election Notice is found to be untrue or incorrect or (iv) the submission of the Election Notice is not performed in compliance with these Conditions. The Physical Delivery Agent shall be authorised and entitled, in its sole and absolute discretion, to reject any Election Notice which it deems to be incomplete, invalid or not in proper form and any such rejected Election Notice shall be null and void. If such Election Notice is subsequently corrected to the satisfaction of the Physical Delivery Agent, it shall be deemed to be a new Election Notice submitted at the time such correction was delivered to the Physical Delivery Agent. For the avoidance of doubt, the Physical Delivery Agent also reserves the right to treat any Election Notice which is incomplete, invalid or not in proper form as valid.

Upon receipt of a valid Election Notice, the Physical Delivery Agent shall deliver to the Issuer the Physical Settlement Authorisation in respect of such Certificates unless the delivery of the Physical Settlement Stock to the Onboarded Investors may infringe any applicable law, regulation or rule or necessitate compliance with conditions or requirements which the Physical Delivery Agent, in its absolute discretion, determines to be onerous or impracticable by reason of costs, delay or otherwise.

- (c) *Automatic Exercise.* Certificate Holders shall not be required to deliver an exercise notice. Exercise of Certificates shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses) is positive.

If the aggregate Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or the Early Expiry Date, as the case may be, or if the Expiry Date or the Early Expiry Date, as the case may be, is not a Business Day, the immediately following Business Day. In such a case:

- (i) if and to the extent the Cash Settlement applies, the aggregate Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in **Condition 4(d)(i)(A)** below; and
- (ii) if and to the extent the Physical Settlement applies, the Physical Settlement Stock together with the Cash Residual Amount (if any) shall be delivered and paid in the manner set out in **Condition 4(d)(i)(B)** below.

In the event the aggregate Cash Settlement Amount (less any Exercise Expenses) is zero or negative, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or the Early Expiry Date, as the case may be, or if

the Expiry Date or the Early Expiry Date, as the case may be, is not a Business Day, the immediately following Business Day, and Certificate Holders shall not be entitled to receive any payment (other than the Distribution(s) (if applicable and if any)) from the Issuer in respect of the Certificates.

(d) *Settlement.*

(i) In respect of Certificates which are automatically exercised in accordance with **Condition 4(c)**:

- (A) If and to the extent the Cash Settlement applies, the Issuer will pay to the relevant Certificate Holder appearing in the records maintained by CDP a cash amount per Certificate equal to the aggregate Cash Settlement Amount (if any) in the Settlement Currency. The aggregate Cash Settlement Amount (less any Exercise Expenses) shall be despatched as soon as practicable and no later than three Business Days following the Expiry Date or two Business Days following the Early Expiry Date, as the case may be (the “**Cash Settlement Date**”) (subject to extension upon the occurrence of a Cyber-attack Disruption Event (as defined below)), by way of crossed cheque or other payment in immediately available funds drawn in favour of the Certificate Holder only (or, in the case of joint Certificate Holders, the first-named Certificate Holder) appearing in the records maintained by CDP.

If the Issuer determines, in its sole discretion, that on any Business Day during the period of three Business Days following the Expiry Date or two Business Days following the Early Expiry Date a Cyber-attack Disruption Event has occurred, such Business Day shall be postponed to the next Business Day on which the Issuer determines that the Cyber-attack Disruption Event is no longer subsisting and such period shall be extended accordingly, provided that the Issuer and/or the Guarantor shall make their best endeavours to implement remedies as soon as reasonably practicable to eliminate the impact of the Cyber-attack Disruption Event on its/their payment obligations under the Certificates and/or the Guarantee.

“**Cyber-attack Disruption Event**” means the occurrence or existence of any malicious action or attempt initiated to steal, expose, alter, disable or destroy information through unauthorised access to, or maintenance or use of, the Computer Systems of the Issuer, the Guarantor, their respective affiliates (the “**SG Group**”), their IT service providers, by (and without limitation) the use of malware, ransomware, phishing, denial or disruption of service or cryptojacking or any unauthorized entry, removal, reproduction, transmission, deletion, disclosure or modification preventing the Issuer and/or the Guarantor to perform their obligations under the Certificates, and notwithstanding the implementation of processes, required, as the case may be, by the laws and regulations applicable to the Issuer, the Guarantor and their affiliates, or their IT service providers to improve their resilience to these actions and attempts.

“**Computer System**” means all the computer resources including, in particular: hardware, software packages, software, databases and peripherals, equipment, networks, electronic installations for storing computer data, including Data. The Computer System shall be understood

to be that which (i) belongs to the SG Group and/or (ii) is rented, operated or legally held by the SG Group under a contract with the holder of the rights to the said system and/or (iii) is operated on behalf of the SG Group by a third party within the scope of a contractual relationship and/or (iv) is made available to the SG Group under a contract within the framework of a shared system (in particular cloud computing).

"Data" means any digital information, stored or used by the Computer System, including confidential data.

- (B) If and to the extent the Physical Settlement applies, subject as provided below in the case of a Settlement Disruption Event (as defined below), with respect to each Physical Delivery Lot comprised in the Exercise Amount, the Issuer will no later than the Physical Settlement Date and the Cash Settlement Date respectively, deliver and pay, or procure the delivery and payment of, the Physical Settlement Stock and the Cash Residual Amount (if any) to the Physical Delivery Agent.

The delivery and payment of the Physical Settlement Stock and the Cash Residual Amount (if any) by the Issuer to the Physical Delivery Agent in accordance with these Conditions shall represent full and final discharge of the Issuer's obligations under the Certificates, and in no event shall any person who has delivered the Election Notice to the Physical Delivery Agent in respect of the Certificates to which the Physical Settlement applies have any claim and demand against the Issuer.

If a Settlement Disruption Event exists on any Exchange Business Day from and including the Expiry Date to and including the Physical Settlement Date, the Physical Settlement Date shall be postponed by the number of Exchange Business Days for which there has been a Settlement Disruption Event unless a Settlement Disruption Event prevents settlement on each of the seven Exchange Business Days immediately following the original date that, but for the Settlement Disruption Event, would have been a Physical Settlement Date. In that case: (i) if the Underlying Stock can be delivered in any other commercially reasonable manner on the seventh Exchange Business Day immediately following the original Physical Settlement Date then they shall so be delivered; and (ii) if the Underlying Stock cannot be delivered in any other commercially reasonable manner, the Issuer may in its sole and absolute discretion determine that (A) the Physical Settlement Date shall be postponed until settlement can reasonably be effected under this Condition or in any other commercially reasonable manner or (B) the Underlying Stock shall be sold in such manner and at such prices as the Issuer determines to be appropriate in its absolute discretion and the net proceeds of such sale (less all costs and expenses) shall be paid to the relevant Certificate Holders no later than five Business Days following such determination.

"Settlement Disruption Event" means a Cyber-attack Disruption Event or an event beyond the control of the Issuer as a result of which (A) it is unable to deliver the Underlying Stock owing to the suspension of, or a material limitation on, trading in or settlement of the Underlying Stock or a general suspension of, or a material limitation on, trading on the Relevant Stock

Exchange or (B) otherwise a transfer of the Underlying Stock cannot be effected through the relevant settlement system.

If, as a result of a Settlement Disruption Event, (A) it is not possible for the Issuer to deliver or procure the delivery of the Underlying Stock to the relevant Certificate Holders, all as set out above, on or before the original Physical Settlement Date or (B) the Issuer determines that the relevant Certificates shall be cash settled, the Issuer shall procure that the relevant Certificate Holders are notified (in accordance with Condition 9) of the postponement of the Physical Settlement Date or the cash settlement of the relevant Certificates, as the case may be.

- (ii) In respect of Certificates under which there is any Distribution payable, the Issuer will pay to the relevant Certificate Holder the Distribution(s) in the Settlement Currency. The aggregate Distribution shall be despatched on the relevant Distribution Payment Date or on or before the Cash Settlement Date, as the case may be, by way of crossed cheque or other payment in immediately available funds drawn in favour of the Certificate Holder only (or, in the case of joint Certificate Holders, the first-named Certificate Holder) appearing in the records maintained by CDP.
- (iii) Any payment made pursuant to this **Condition 4(i)** and **Condition 4(ii)** shall be delivered at the risk and expense of the Certificate Holder and posted to the Certificate Holder's address appearing in the records maintained by CDP (or, in the case of joint Certificate Holders, to the address of the first-named Certificate Holder appearing in the records maintained by CDP). If the aggregate Cash Settlement Amount is equal to or less than the determined Exercise Expenses and no Distribution is payable, no amount is payable.
- (e) *CDP not liable.* CDP shall not be liable to any Certificate Holder, any Onboarded Investor or any Other Investor with respect to any action taken or omitted to be taken by the Issuer, the Physical Delivery Agents and/or the Warrant Agent in connection with the exercise of the Certificates or otherwise pursuant to or in connection with these Conditions.
- (f) *Business Day.* In these Conditions, a "**Business Day**" shall be a day on which the Singapore Exchange Securities Trading Limited ("**SGX-ST**") is open for dealings in Singapore during its normal trading hours and banks are open for business in Singapore.

5. Warrant Agent

- (a) *Warrant Agent.* The Issuer reserves the right, subject to the appointment of a successor, at any time to vary or terminate the appointment of the Warrant Agent and to appoint another Warrant Agent provided that it will at all times maintain a Warrant Agent which, so long as the Certificates are listed on the SGX-ST, shall be in Singapore. Notice of any such termination or appointment and of any change in the specified office of the Warrant Agent will be given to the Certificate Holders in accordance with Condition 9.
- (b) *Agent of Issuer.* The Warrant Agent will be acting as agent of the Issuer and will not assume any obligation or duty to or any relationship of agency or trust for the Certificate Holders. All determinations and calculations by the Warrant Agent under these Conditions shall (save in the case of manifest error) be final and binding on the Issuer and the Certificate Holders.

6. Adjustments

- (a) *Potential Adjustment Event.* Following the declaration by a Company of the terms of any Potential Adjustment Event (as defined below), the Issuer will determine whether such Potential Adjustment Event has a dilutive or concentrative or other effect on the theoretical value of the Underlying Stock and, if so, will (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Issuer determines appropriate to account for that dilutive or concentrative or other effect, and (ii) determine the effective date of that adjustment. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an exchange on which options or futures contracts on the Underlying Stock are traded.
- (b) *Definitions.* **“Potential Adjustment Event”** means any of the following:
- (i) a subdivision, consolidation, reclassification or other restructuring of the Underlying Stock (excluding a Merger Event) or a free distribution or dividend of any such Underlying Stock to existing holders by way of bonus, capitalisation or similar issue;
 - (ii) a distribution or dividend to existing holders of the Underlying Stock of (1) such Underlying Stock, or (2) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Company equally or proportionately with such payments to holders of such Underlying Stock, or (3) share capital or other securities of another issuer acquired by the Company as a result of a “spin-off” or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Issuer;
 - (iii) an extraordinary dividend;
 - (iv) a call by the Company in respect of the Underlying Stock that is not fully paid;
 - (v) a repurchase by the Company of the Underlying Stock whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
 - (vi) with respect to a Company an event that results in any shareholder rights pursuant to a shareholder rights agreement or other plan or arrangement of the type commonly referred to as a “poison pill” being distributed, or becoming separated from shares of common stock or other shares of the capital stock of such Company (provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights); or
 - (vii) any other event that may have, in the opinion of the Issuer, a dilutive or concentrative or other effect on the theoretical value of the Underlying Stock.
- (c) *Merger Event, Tender Offer, Nationalisation and Insolvency.* If a Merger Event, Tender Offer, Nationalisation or Insolvency occurs in relation to the Underlying Stock, the Issuer may take any action described below:
- (i) determine the appropriate adjustment, if any, to be made to any one or more of the Conditions to account for the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Issuer may, but need not, determine the appropriate adjustment

by reference to the adjustment in respect of the Merger Event, Tender Offer, Nationalisation or Insolvency made by an options exchange to options on the Underlying Stock traded on that options exchange;

- (ii) cancel the Certificates by giving notice to the Certificate Holders in accordance with Condition 9. If the Certificates are so cancelled, the Issuer will pay an amount to each Certificate Holder in respect of each Certificate held by such Certificate Holder which amount shall be the fair market value of a Certificate taking into account the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or any of its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its reasonable discretion. Payment will be made in such manner as shall be notified to the Certificate Holders in accordance with Condition 9; or
- (iii) following any adjustment to the settlement terms of options on the Underlying Stock on such exchange(s) or trading system(s) or quotation system(s) as the Issuer in its reasonable discretion shall select (the “**Option Reference Source**”) make a corresponding adjustment to any one or more of the Conditions, which adjustment will be effective as of the date determined by the Issuer to be the effective date of the corresponding adjustment made by the Option Reference Source. If options on the Underlying Stock are not traded on the Option Reference Source, the Issuer will make such adjustment, if any, to any one or more of the Conditions as the Issuer determines appropriate, with reference to the rules and precedents (if any) set by the Option Reference Source, to account for the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, that in the determination of the Issuer would have given rise to an adjustment by the Option Reference Source if such options were so traded.

Once the Issuer determines that its proposed course of action is in connection with a Merger Event, Tender Offer, Nationalisation or Insolvency, it shall give notice to the Certificate Holders in accordance with Condition 9 stating the occurrence of the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto. Certificate Holders should be aware that due to the nature of such events, the Issuer will not make an immediate determination of its proposed course of action or adjustment upon the announcement or occurrence of a Merger Event, Tender Offer, Nationalisation or Insolvency.

or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Underlying Stock of the Company that results in a transfer of or an irrevocable commitment to transfer all such Underlying Stock (other than such Underlying Stock owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Company or its subsidiaries with or into another entity in which the Company is the continuing entity and which does not result in a reclassification or change of all such Underlying Stock outstanding but results in the outstanding Underlying Stock (other than Underlying Stock owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Underlying Stock immediately following such event, in each case if the Merger Date is on or before the Valuation Date. “**Nationalisation**” means that all the Underlying Stock or all or substantially all of the assets of a Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof. “**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Company, as determined by the Issuer, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Issuer deems relevant.

- (e) *Other Adjustments.* Except as provided in this Condition 6 and Conditions 10 and 12, adjustments will not be made in any other circumstances, subject to the right reserved by the Issuer (such right to be exercised in the Issuer's sole discretion and without any obligation whatsoever) to make such adjustments and amendments as it believes appropriate in circumstances where an event or events occur which it believes in its sole discretion (and notwithstanding any prior adjustment made pursuant to the above) should, in the context of the issue of the Certificates and the obligations of the Issuer, give rise to such adjustment or, as the case may be, amendment provided that such adjustment or, as the case may be, amendment is considered by the Issuer not to be materially prejudicial to the Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such adjustment or amendment in any particular jurisdiction).
- (f) *Notice of Adjustments.* All determinations made by the Issuer pursuant hereto will be conclusive and binding on the Certificate Holders. The Issuer will give, or procure that there is given, notice as soon as practicable of any adjustment and of the date from which such adjustment is effective by publication in accordance with Condition 9. For the avoidance of doubt, no notice will be given if the Issuer determines that adjustments will not be made.

7. Purchases

The Issuer, the Guarantor or any of their respective subsidiaries may at any time purchase Certificates at any price in the open market or by tender or by private treaty. Any Certificates so purchased may be held or resold or surrendered for cancellation.

8. Meetings of Certificate Holders; Modification

- (a) *Meetings of Certificate Holders.* The Master Warrant Agent Agreement or Warrant Agent Agreement contains provisions for convening meetings of the Certificate Holders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Warrant Agent Agreement or Warrant Agent

Agreement) of a modification of the provisions of the Certificates or of the Master Warrant Agent Agreement or Warrant Agent Agreement.

At least 21 days' notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to the Certificate Holders.

Such a meeting may be convened by the Issuer or by Certificate Holders holding not less than ten per cent. of the Certificates for the time being remaining unexercised. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 25 per cent. of the Certificates for the time being remaining unexercised, or at any adjourned meeting, two or more persons being or representing Certificate Holders whatever the number of Certificates so held or represented.

A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three-quarters of the votes cast by such Certificate Holders who, being entitled to do so, vote in person or by proxy.

An Extraordinary Resolution passed at any meeting of the Certificate Holders shall be binding on all the Certificate Holders, whether or not they are present at the meeting. Resolutions can be passed in writing if passed unanimously.

- (b) *Modification.* The Issuer may, without the consent of the Certificate Holders, effect (i) any modification of the provisions of the Certificates or the Master Instrument which is not materially prejudicial to the interests of the Certificate Holders or (ii) any modification of the provisions of the Certificates or the Master Instrument which is of a formal, minor or technical nature, which is made to correct an obvious error or which is necessary in order to comply with mandatory provisions of Singapore law. Any such modification shall be binding on the Certificate Holders and shall be notified to them by the Warrant Agent before the date such modification becomes effective or as soon as practicable thereafter in accordance with Condition 9.

9. Notices

- (a) *Documents.* All cheques and other documents required or permitted by these Conditions to be sent to a Certificate Holder or to which a Certificate Holder is entitled or which the Issuer shall have agreed to deliver to a Certificate Holder may be delivered by hand or sent by post addressed to the Certificate Holder at his address appearing in the records maintained by CDP or, in the case of joint Certificate Holders, addressed to the joint holder first named at his address appearing in the records maintained by CDP, and airmail post shall be used if that address is not in Singapore. All documents delivered or sent in accordance with this paragraph shall be delivered or sent at the risk of the relevant Certificate Holder.
- (b) *Notices.* All notices to Certificate Holders will be validly given if published in English on the web-site of the SGX-ST. Such notices shall be deemed to have been given on the date of the first such publication. If publication on the web-site of the SGX-ST is not practicable, notice will be given in such other manner as the Issuer may determine. The Issuer shall, at least five weeks prior to the expiry of any Certificate, give notice of the date of expiry of such Certificate in the manner prescribed above.

10. Liquidation

In the event of a liquidation or dissolution of the Company or the appointment of a liquidator (including a provisional liquidator) or receiver or judicial manager or trustee or administrator or analogous person under Singapore or other applicable law in respect of the whole or substantially the whole of its undertaking, property or assets, all unexercised Certificates will lapse and shall cease to be valid for any purpose, in the case of voluntary liquidation, on the effective date of the relevant resolution and, in the case of an involuntary liquidation or dissolution, on the date of the relevant court order or, in the case of the appointment of a liquidator (including a provisional liquidator) or receiver or judicial manager or trustee or administrator or analogous person under Singapore or other applicable law in respect of the whole or substantially the whole of its undertaking, property or assets, on the date when such appointment is effective but subject (in any such case) to any contrary mandatory requirement of law. In the event of the voluntary liquidation of the Company, the Issuer shall make such adjustments or amendments as it reasonably believes are appropriate in the circumstances.

11. Further Issues

The Issuer shall be at liberty from time to time, without the consent of the Certificate Holders, to create and issue further certificates so as to form a single series with the Certificates, subject to the approval of the SGX-ST.

12. Delisting

- (a) *Delisting.* If at any time, the Underlying Stock ceases to be listed on the Relevant Stock Exchange, the Issuer shall give effect to these Conditions in such manner and make such adjustments and amendments to the rights attaching to the Certificates as it shall, in its absolute discretion, consider appropriate to ensure, so far as it is reasonably able to do so, that the interests of the Certificate Holders generally are not materially prejudiced as a consequence of such delisting (without considering the individual circumstances of any Certificate Holder or the tax or other consequences that may result in any particular jurisdiction).
- (b) *Issuer's Determination.* The Issuer shall determine, in its absolute discretion, any adjustment or amendment and its determination shall be conclusive and binding on the Certificate Holders save in the case of manifest error. Notice of any adjustments or amendments shall be given to the Certificate Holders in accordance with Condition 9 as soon as practicable after they are determined.

13. Early Termination

- (a) *Early Termination for Illegality and Force Majeure, etc.* If the Issuer determines that a Regulatory Event (as defined below) has occurred and, for reasons beyond its control, the performance of its obligations under the Certificates has become illegal or impractical in whole or in part for any reason, or the Issuer determines that, for reasons beyond its control, it is no longer legal or practical for it to maintain its hedging arrangements with respect to the Certificates for any reason, the Issuer may in its discretion and without obligation terminate the Certificates early in accordance with Condition 13(d).

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

For the purposes of this Condition:

"Regulatory Event" means, following the occurrence of a Change in Law (as defined below) with respect to the Issuer and/or Société Générale as Guarantor or in any other

capacity (including without limitation as hedging counterparty of the Issuer, market maker of the Certificates or direct or indirect shareholder or sponsor of the Issuer) or any of its affiliates involved in the issuer of the Certificates (hereafter the “**Relevant Affiliates**” and each of the Issuer, Société Générale and the Relevant Affiliates, a “**Relevant Entity**”) that, after the Certificates have been issued, (i) any Relevant Entity would incur a materially increased (as compared with circumstances existing prior to such event) amount of tax, duty, liability, penalty, expense, fee, cost or regulatory capital charge however defined or collateral requirements for performing its obligations under the Certificates or hedging the Issuer’s obligations under the Certificates, including, without limitation, due to clearing requirements of, or the absence of, clearing of the transactions entered into in connection with the issue of, or hedging the Issuer’s obligation under, the Certificates, (ii) it is or will become for any Relevant Entity impracticable, impossible (in each case, after using commercially reasonable efforts), unlawful, illegal or otherwise prohibited or contrary, in whole or in part, under any law, regulation, rule, judgement, order or directive of any governmental, administrative or judicial authority, or power, applicable to such Relevant Entity (a) to hold, acquire, issue, reissue, substitute, maintain, settle, or as the case may be, guarantee, the Certificates, (b) to acquire, hold, sponsor or dispose of any asset(s) (or any interest thereof) of any other transaction(s) such Relevant Entity may use in connection with the issue of the Certificates or to hedge the Issuer’s obligations under the Certificates, (c) to perform obligations in connection with, the Certificates or any contractual arrangement entered into between the Issuer and Société Générale or any Relevant Affiliate (including without limitation to hedge the Issuer’s obligations under the Certificates) or (d) to hold, acquire, maintain, increase, substitute or redeem all or a substantial part of its direct or indirect shareholding in the Issuer’s capital or the capital of any Relevant Affiliate or to directly or indirectly sponsor the Issuer or any Relevant Affiliate, or (iii) there is or may be a material adverse effect on a Relevant Entity in connection with the issue of the Certificates.

“**Change in law**” means (i) the adoption, enactment, promulgation, execution or ratification of any applicable new law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) after the Certificates have been issued, (ii) the implementation or application of any applicable law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) already in force when the Certificates have been issued but in respect of which the manner of its implementation or application was not known or unclear at the time, or (iii) the change of any applicable law, regulation or rule existing when the Certificates are issued, or the change in the interpretation or application or practice relating thereto, existing when the Certificates are issued of any applicable law, regulation or rule, by any competent court, tribunal, regulatory authority or any other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any additional or alternative court, tribunal, authority or entity, to that existing when the Certificates are issued).

- (b) *Early Termination for Holding Limit Event.* The Issuer may in its discretion and without obligation terminate the Certificates early in accordance with Condition 13(d) where a Holding Limit Event (as defined below) occurs.

For the purposes of this Condition:

“**Holding Limit Event**” means, assuming the investor is the Issuer and/or any of its affiliates, the Issuer together with its affiliates, in aggregate hold, an interest in the Underlying Stock, constituting or likely to constitute (directly or indirectly) ownership,

control or the power to vote a percentage of any class of voting securities of the Underlying Stock, of the Underlying Stock in excess of a percentage permitted or advisable, as determined by the Issuer, for the purpose of its compliance with the Bank Holding Company Act of 1956 as amended by Section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Volcker Rule), including any requests, regulations, rules, guidelines or directives made by the relevant governmental authority under, or issued by the relevant governmental authority in connection with, such statutes.

- (c) *Early Termination for other reasons.* The Issuer reserves the right (such right to be exercised in the Issuer's sole and unfettered discretion and without any obligation whatsoever) to terminate the Certificates in accordance with Condition 13(d) where an event or events occur which it believes in its sole discretion should, in the context of the issue of the Certificates and the obligations of the Issuer, give rise to such termination provided that such termination (i) is considered by the Issuer not to be materially prejudicial to the interests of Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such termination in any particular jurisdiction); or (ii) is otherwise considered by the Issuer to be appropriate and such termination is approved by the SGX-ST.
- (d) *Termination.* If the Issuer terminates the Certificates early, then the Issuer will give notice to the Certificate Holders in accordance with Condition 9. The Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificate Holder in respect of each Certificate held by such holder equal to the fair market value of a Certificate notwithstanding such illegality, impracticality or the relevant event less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Certificate Holders in accordance with Condition 9.

14. Substitution of the Issuer

The Issuer may be replaced by the Guarantor or any subsidiary of the Guarantor as principal obligor in respect of the Certificates without the consent of the relevant Certificate Holders. If the Issuer determines that it shall be replaced by the Guarantor or any subsidiary of the Guarantor (the "**Substituted Obligor**"), it shall give at least 90 days' notice (exclusive of the day on which the notice is given and of the day on which the substitution is effected) specifying the date of the substitution, in accordance with Condition 9, to the Certificate Holders of such event and, immediately on the expiry of such notice, the Substituted Obligor shall become the principal obligor in place of the Issuer and the Certificate Holders shall thereupon cease to have any rights or claims whatsoever against the Issuer.

Upon any such substitution, all references to the Issuer in the Conditions and all agreements relating to the Certificates will be to the Substituted Obligor and the Certificates will be modified as required, and the Certificate Holders will be notified of the modified terms and conditions of such Certificates in accordance with Condition 9.

For the purposes of this Condition, it is expressly agreed that by subscribing to, acquiring or otherwise purchasing or holding the Certificates, the Certificate Holders are expressly deemed to have consented to the substitution of the Issuer by the Substituted Obligor and to the release of the Issuer from any and all obligations in respect of the Certificates and all agreements relating thereto and are expressly deemed to have accepted such substitution and the consequences thereof.

15. Governing Law

The Certificates, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement will be governed by and construed in accordance with Singapore law. The Issuer and

the Guarantor and each Certificate Holder (by its purchase of the Certificates) shall be deemed to have submitted for all purposes in connection with the Certificates, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement to the non-exclusive jurisdiction of the courts of Singapore. The Guarantee shall be governed by and construed in accordance with Singapore law.

16. Prescription

Claims against the Issuer for payment of any amount in respect of the Certificates will become void unless made within six years of the Expiry Date or the Early Expiry Date, as the case may be, and, thereafter, any sums payable in respect of such Certificates shall be forfeited and shall revert to the Issuer.

17. Contracts (Rights of Third Parties) Act 2001 of Singapore

Unless otherwise provided in the Global Warrant, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement, a person who is not a party to any contracts made pursuant to the Global Warrant, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement has no rights under the Contracts (Rights of Third Parties) Act 2001 of Singapore to enforce any terms of such contracts. Except as expressly provided herein, the consent of any third party is not required for any subsequent agreement by the parties hereto to amend or vary (including any release or compromise of any liability) or terminate such contracts.

INFORMATION RELATING TO THE EUROPEAN STYLE STRUCTURED CERTIFICATES (AUTOCALLABLE CERTIFICATES)

What are European Style Structured Certificates (Autocallable Certificates)?

The Certificates are the equity linked certificates, which are in the form of call warrants, that may allow you to benefit from Distribution(s) as well as an increase in the price of the Underlying Stock via payment of the Cash Settlement Amount and the Distribution(s). The Cash Settlement Amount will be subject to the Cap which shall not be less than 100%. If and to the extent the Physical Settlement is applicable, investors of the relevant Certificates are also looking to hold the Underlying Stock after the expiry of the relevant Certificates.

The Certificates are only suitable for investors who believe that the price of the Underlying Stock will remain flat or rise only slightly during the term of the Certificates and are seeking potential Distribution(s), and should be only considered for investment purposes over the term of the Certificates.

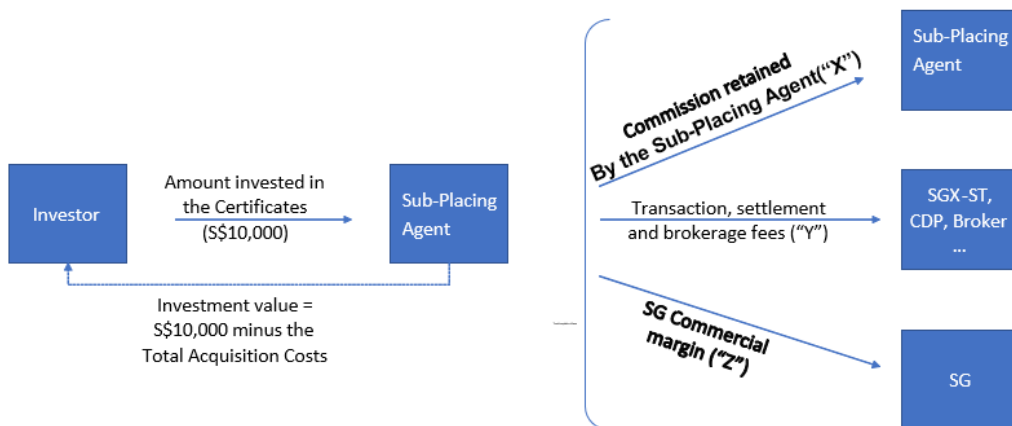

Illustration of acquisition costs

Assuming that an investor purchases 10,000 Certificates at the Issue Price of S\$1.00 per Certificate, and that such investor acquires the Certificates through the distribution service of a Sub-Placing Agent of the Certificates:

- A distribution fee (“X”) may be retained by the Sub-Placing Agent
- The investor may incur certain transaction, settlement and brokerage fees, similar to fees that the investor would pay for other transactions on the SGX-ST (“Y”);
- Société Générale (“SG”) would retain a commercial margin when hedging the Certificates (“Z”).

(X+Y+Z being the “**Total Acquisition Costs**”).

As such, the investment value of the Certificates immediately after investment in the Certificates, which would be equal to S\$10,000 minus the Total Acquisition Costs, will be lower than the amount paid by the investor to purchase the Certificates and for an investor to secure a profit, the increase in market value of the Certificates has to exceed the Total Acquisition Costs.

Hypothetical example to illustrate when can investors get back their investment and what (if any) do investors get back?

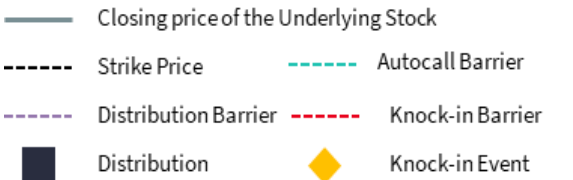

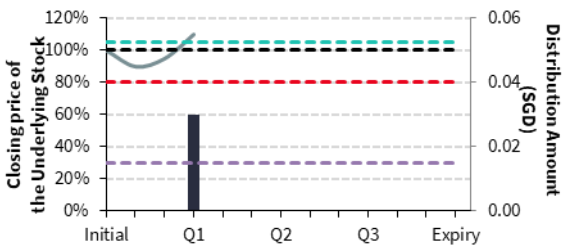

Illustration on the potential payout of the Certificates under different conditions

The figures used in this example are given for purely indicative purposes, the objective is to describe the mechanism of the product. It is no guarantee as to future returns and has no contractual value.

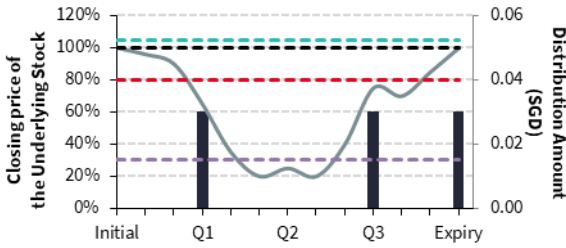

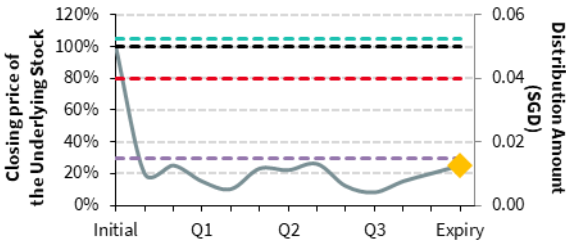

The below Scenario Analysis aims to illustrate the potential payout of the Certificates under different conditions:

Assumptions:

- Notional Amount (“NA”) per Certificate = SGD 1.00
- Tenor = 12 months;
- Periodic Observation Date & Distribution Payment Date: Quarterly
- Distribution Barrier = 30% of the Initial Price;
- Strike Price = 100% of the Initial Price;
- Autocall Barrier = 105% of the Initial Price;
- Potential Distribution Amount per Distribution Payment Date = SGD 0.03 per Certificate;
- Knock-in Observation Date is Valuation Date;
- Knock-in Barrier = 80% of the Initial Price;
- Cap = 100%

Total return of direct investment in the Underlying Stock = Notional Amount x (Closing Price of the Underlying Stock at expiry / Initial Price of the Underlying Stock – 1)

Illustration on the payout mechanism of the Certificates

The figures used in this example are given for purely indicative purposes, the objective is to describe the mechanism of the product. It is no guarantee as to future returns and has no contractual value.

The below aims to illustrate the payout mechanism of the Certificates:

Assumption: Strike Price = 100% of Initial Price

Note: the payoff chart assumes that there is non-occurrence of an Automatic Early Expiry.

Examples and illustrations of adjustments due to certain corporate actions

The examples are purely hypothetical and provided for indicative purposes only.

In the case of any corporate action on the Underlying Stock, the Issuer will, as soon as reasonably practical after it becomes aware of such event, determine whether such corporate action has a dilutive or concentrative effect on the theoretical value of the Underlying Stock, and if so, will (a) calculate the corresponding adjustment, if any, to be made to the elements relating to the Underlying Stock which are used to determine any settlement or payment terms under the Certificates and/or adjust at its discretion any other terms of the Certificates as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Certificates and (b) determine the effective date of such adjustment.

The examples below are provided for indicative purposes and the Issuer may determine that the formulas below are not appropriate and may apply different formulas instead.

For the purpose of these illustrations, “**Adjustable Parameter**” means the Strike Price, the Autocall Barrier, the Distribution Barrier and the Knock-in Barrier.

Rights Issues

Treatment

If and whenever the Company shall, by way of Rights (as defined below), offer new Underlying Stock(s) for subscription at a fixed subscription price to the holders of existing Underlying Stocks pro rata to existing holdings (a “**Rights Offer**”), the Adjustable Parameters shall be adjusted to take effect on the Exchange Business Day on which trading in the shares becomes ex-entitlement (“**Rights Issue Adjustment Date**”) in accordance with the following formula:

$$\text{Adjustable Parameter after Rights Offer} = \frac{\text{Adjustable Parameter before Rights Offer}}{\text{Adjustment Factor}}$$

Where :

$$\text{Adjustment Factor} = \frac{1 + M}{1 + (R/S) \times M}$$

Adjustable Parameter after Rights Offer value of the Adjustable Parameter with effect from Rights Issue Adjustment Date

Adjustable Parameter before Rights Offer value of the Adjustable Parameter prior to the Rights Offer

S: Cum-Rights Share price being the closing price of an existing Underlying Stock on the last Exchange Business Day on which the Underlying Stock is traded on a cum-rights basis

R: Subscription price per new Underlying Stock specified in the Rights Offer plus an amount equal to any dividends or other benefits foregone to exercise the Rights

M: Number of new Underlying Stock(s) (whether a whole or a fraction) per existing Underlying Stock each holder thereof is entitled to subscribe

“**Rights**” means the right(s) attached to each existing Underlying Stock or needed to acquire one new Underlying Stock (as the case may be) which are given to the holders of existing Underlying Stocks to subscribe at a fixed subscription price for new Underlying Stocks pursuant to the Rights Offer (whether by the exercise of one Right, a part of a Right or an aggregate number of Rights).

Numerical illustration

Assuming that there is a rights issue with respect to the Underlying Stock, with a right to receive 1 new Underlying Stock for every 2 existing Underlying Stocks, for a subscription price of \$40.

S = \$100

R = \$40

M = 0.5 (i.e. 1 new Underlying Stock for every 2 existing Underlying Stocks)

$$\text{Adjustment Factor} = \frac{1 + 0.5}{1 + \frac{\$40}{\$100} \times 0.5} = 1.25$$

The adjustments to the Adjustable Parameters are as follows:

Adjustable Parameter	Adjustable Parameter before Rights Offer	Adjustable Parameter after Rights Offer
Strike Price	\$95	\$95 / 1.25 = \$76
Autocall Barrier	\$110	\$110 / 1.25 = \$88
Distribution Barrier	\$30	\$30 / 1.25 = \$24
Knock-in Barrier	\$95	\$95 / 1.25 = \$76

Bonus Issues

Treatment

If and whenever the Company shall make an issue of Underlying Stocks credited as fully paid to the holders of Underlying Stocks generally by way of capitalisation of profits or reserves (other than pursuant to a scrip dividend or similar scheme for the time being operated by the Company or otherwise in lieu of a cash dividend and without any payment or other consideration being made or given by such holders) (a “**Bonus Issue**”), the Adjustable Parameters shall be adjusted on the Exchange Business Day on which trading in the Underlying Stocks becomes ex-entitlement (“**Bonus Issue Adjustment Date**”) in accordance with the following formula:

$$\text{Adjustable Parameter after Bonus Issue} = \frac{\text{Adjustable Parameter before Bonus Issue}}{\text{Adjustment Factor}}$$

Where :

$$\text{Adjustment Factor} = 1 + N$$

Adjustable Parameter after Bonus Issue value of the Adjustable Parameter with effect from Bonus Issue Adjustment Date

Adjustable Parameter before Bonus Issue value of the Adjustable Parameter prior to the Bonus Issue

N: Number of additional Underlying Stocks (whether a whole or a fraction) received by a holder of Underlying Stocks for each Underlying Stock held prior to the Bonus Issue

Numerical illustration

Assuming that there is a bonus issue with respect to the Underlying Stock, where shareholders receive 1 bonus Underlying Stock for 5 existing Underlying Stocks:

$N = 0.2$ (i.e. 1 bonus Underlying Stock for 5 existing Underlying Stocks)

$$\text{Adjustment Factor} = 1 + 0.2 = 1.2$$

The adjustments to the Adjustable Parameters are as follows:

Adjustable Parameter	Adjustable Parameter before Bonus Issue	Adjustable Parameter after Bonus Issue
Strike Price	\$95	$\$95 / 1.20 = \79.1667
Autocall Barrier	\$110	$\$110 / 1.20 = \91.6667
Distribution Barrier	\$30	$\$30 / 1.20 = \25
Knock-in Barrier	\$95	$\$95 / 1.20 = \79.1667

Subdivisions and Consolidation

Treatment

If and whenever the Company shall subdivide its Underlying Stocks or any class of its outstanding share capital comprised of the Underlying Stocks into a greater number of Underlying Stocks (a “**Subdivision**”) or consolidate the Underlying Stocks or any class of its outstanding share capital comprised of the Underlying Stocks into a smaller number of shares (a “**Consolidation**”), then:

- (a) in the case of a Subdivision, the Adjustable Parameters (which shall be rounded to the nearest 0.0001) will be decreased in the same ratio as the Subdivision; and
- (b) in the case of a Consolidation, the Adjustable Parameters (which shall be rounded to the nearest 0.0001) will be increased in the same ratio as the Consolidation,

in each case on the day on which the Subdivision or Consolidation shall have taken effect.

Numerical illustration

Assuming that the Underlying Stock is subject to a 2 to 1 share Consolidation (i.e. 1 Underlying Stock cancelled for every 2 existing Underlying Stocks).

The adjustments to the Adjustable Parameters are as follows:

Adjustable Parameter	Adjustable Parameter before Consolidation	Adjustable Parameter after Consolidation
Strike Price	\$95	\$95 x 2 = \$190
Autocall Barrier	\$110	\$110 x 2 = \$220
Distribution Barrier	\$30	\$30 x 2 = \$60
Knock-in Barrier	\$95	\$95 x 2 = \$190

Cash Distribution

Treatment

No adjustment will be made for an ordinary cash dividend (whether or not it is offered with a scrip alternative) (“**Ordinary Dividend**”). For any other forms of cash distribution (“**Cash Distribution**”) announced by the Company, such as a cash bonus, special dividend or extraordinary dividend, no adjustment will be made unless the value of the Cash Distribution accounts for 2 percent or more of the Underlying Stock’s closing price on the day of announcement by the Company.

If and whenever the Company shall make a Cash Distribution credited as fully paid to the holders of Underlying Stocks generally, the Adjustable Parameters shall be adjusted to take effect on the Exchange Business Day on which trading in the Underlying Stocks becomes ex-entitlement (“**Cash Distribution Adjustment Date**”) in accordance with the following formula:

$$\text{Adjustable Parameter after Cash Distribution} = \frac{\text{Adjustable Parameter before Cash Distribution}}{\text{Adjustment Factor}}$$

Where :

$$\text{Adjustment Factor} = \frac{S - OD}{S - OD - CD}$$

Adjustable Parameter after Cash Distribution value of the Adjustable Parameter with effect from Cash Distribution Adjustment Date

Adjustable Parameter before Cash Distribution value of the Adjustable Parameter prior to the Cash Distribution

S: The closing price of the existing Underlying Stock on the Exchange Business Day immediately preceding the Cash Distribution Adjustment Date

CD: The amount of Cash Distribution per Underlying Stock

OD: The amount of Ordinary Dividend per Underlying Stock, provided that the Ordinary Dividend and the Cash Distribution shall have the same ex-entitlement date. For the avoidance of doubt, the OD shall be deemed to be zero if the ex-entitlement dates of the relevant Ordinary Dividend and Cash Distribution are different

Numerical illustration

Assuming that there is an extraordinary dividend of \$20 (net of taxes) paid in respect of each Underlying Stock:

S = \$100

CD = \$20

OD = \$0

$$\text{Adjustment Factor} = \frac{\$100 - \$0}{\$100 - \$0 - \$20} = 1.25$$

The adjustments to the Adjustable Parameters are as follows:

Adjustable Parameter	Adjustable Parameter before Cash Distribution	Adjustable Parameter after Cash Distribution
Strike Price	\$95	$\$95 / 1.25 = \76
Autocall Barrier	\$110	$\$110 / 1.25 = \88
Distribution Barrier	\$30	$\$30 / 1.25 = \24
Knock-in Barrier	\$95	$\$95 / 1.25 = \76

BUSINESS REVIEW AND OUTLOOK

Company Financial Highlights

During the first quarter of 2024, our revenues increased by 25.0% to RMB73.3 billion from RMB58.6 billion for the same period of 2023. Our Core local commerce segment achieved an operating profit of RMB9.7 billion for the first quarter this year and operating loss for our New initiatives segment narrowed to RMB2.8 billion from RMB5.0 billion for the same period of last year. Meanwhile, our adjusted EBITDA and adjusted net profit for this period both increased year over year to RMB8.1 billion and RMB7.5 billion respectively. We also achieved operating cash inflow of RMB6.0 billion for the first quarter of this year. We held cash and cash equivalents of RMB50.8 billion and short-term treasury investments of RMB87.8 billion as of March 31, 2024.

Company Business Highlights

Core Local Commerce

For the first quarter of 2024, segment revenue increased by 27.4% year over year to RMB54.6 billion. Operating profit increased by 2.7% year over year to RMB9.7 billion, and operating margin stood at 17.8%.

Our on-demand delivery business recorded robust growth in the first quarter. For food delivery, we supported millions of merchants and brands in navigating through the evolving consumption trends. We penetrated deeper into the industry value chain and explored innovative business models. We empowered merchants with online operations while offering consumers more value-for-money selections. In addition, we introduced Branded Satellite Stores (“品牌衛星店”), a new model that focuses on elevating efficiency for well-known chain restaurants. In this model, merchants do not offer in-store dining, but rather they only provide high-quality and value-for-money food delivery services. Through leveraging existing brand value and operations under a leaner cost structure, merchants can offer their consumers lower price with the same quality guaranteed. For Pin Hao Fan (“拼好飯”), we expanded the coverage to more cities. Thanks to elevated consumer experience and improved order dispatch system and operations, peak daily order volume from Pin Hao Fan reached a new high in the first quarter. For Shen Qiang Shou (“神搶手”), we improved supply, introduced more popular offerings from chain restaurants, and refined the online marketing strategy. Moreover, we enhanced our marketing solutions to help merchants acquire users with higher efficiency. As a result, growth of advertising merchants on our platform was quite strong. We also launched marketing campaigns to stimulate consumer demand during holidays, and offered broad selections of coupon packages and discounts to promote mega-hit products. Subsequently, annual Transacting Users of food delivery and their transaction frequency both increased notably.

Meituan Instashopping maintained rapid growth trajectory in the first quarter, driven by significant increase in Transacting Users and even higher growth in transaction frequency. An increasing number of food delivery users have become Meituan Instashopping users. As we broadened our product selections, we successfully met consumers' rising demand for diversity and quality. We also refined our operations to satisfy consumer needs for holiday gifting and traveling. During the Spring Festival, many consumers ordered holiday products and gifts via our on-demand channel. GTV from categories such as liquor and beverages, holiday gifts and daily necessities recorded remarkable growth, bringing higher revenue to offline retailers. In addition, merchants are more willing to advertise on our platform, and we collaborated with brands and merchants and jointly launched promotional events. We also continued to expand our new supply formats. By the end of the first quarter, we had around 7,000 Meituan InstaMarts (“美团閃電倉”), orders from which contributed to a larger portion of the total order volume. Meituan InstaMarts accelerated online penetration in lower-tier markets with expanding categories. We are pleased to see that our continuous enhancement on the supply side has led to better user experience and higher purchase frequency. Going forward, we will continue to work with our business partners to explore more growth opportunities in on-demand retail.

In the first quarter, our in-store, hotel and travel businesses experienced strong growth. In the in-store business, we further iterated our products to meet consumer demand for value-for-money. In our traditional shelf-based model, we improved our marketing capabilities and enriched the content offerings. We launched dedicated live streaming campaigns during holidays. Our Meituan platform live streaming (“美团官方直播”) expanded to more regions and we further increased the frequency of live streaming sessions. For merchant live streaming, we stepped up our merchant support measures and launched online-offline joint promotions. As a result, the number of participating merchants increased rapidly. In addition, merchants have become more willing to offer deep-discounted deals through our Special Deals (“特價團購”) program. Benefiting from our accumulated experience and know-hows from past iterations, we further deepened consumer mindshare in our value-for-money offerings. In addition, we iterated our product selection criteria, enhanced product control standards, and improved our algorithms, to enhance our product matrix. As the leading platform in local commerce, we continually refined our operational strategies to capitalize on major consumption scenarios, including holiday outings, family reunions and group gatherings. Moreover, after implementing our direct-operation model nationwide, we are now able to tap into the lower-tier markets, and benefit from digital transformation and strong consumption potential in those regions. We actively onboarded merchants from the lower-tier markets, including internet-famous stores, chain stores and local specialty stores, and provided them with efficient operating solutions and marketing tools. With the help of our online tools, merchants were able to offer a variety of products and deals, which not only satisfied daily needs from local residents, but also met the diverse demand from tourists and homecoming people in search for local stores and discounts.

For hotel and travel, we achieved robust year-over-year growth in both domestic hotel room nights and GTV during the first quarter. We continued to enhance our platform supply, pricing, product capabilities and marketing strategies. We noticed that some niche travel destinations have become increasingly popular recently, especially smaller towns and lower-tier cities. Thanks to our early presence in lower-tier markets, we were able to swiftly adapt to this evolving trend and proactively capture more growth opportunity. We delivered strong performance in those niche destinations, with growth significantly outpacing the industry average. On the product side, we leveraged our unique edge to satisfy consumers' one-stop demand for accommodations and local services. On the marketing front, we expanded efforts in branding promotions during holidays, leveraged popular IPs, and launched dedicated live streaming sessions, which helped strengthen our brand awareness among consumers. During the first quarter, we further solidified our market share in low-star hotels, while also making progress in the high-star domain.

New Initiatives

For the first quarter of 2024, revenues from the New initiatives segment increased by 18.5% year over year to RMB18.7 billion. Operating loss for the segment decreased by 45.2% year over year to RMB2.8 billion, and operating margin improved sequentially to negative 14.8%.

We refined our business strategies in Meituan Select (“美团優選”), to focus more on operational enhancement and high-quality growth. Specifically, we increased our price mark-up ratio, lowered the average fulfillment cost per item as we enhanced warehouse operations, and improved marketing efficiency. Therefore, operating loss narrowed significantly on both quarter-over-quarter and year-over-year bases. Going forward, we are committed to further enhancing our operational efficiency, and strengthening our capabilities in product selection and fulfillment. For most of the other new initiatives, we have made healthy progress during the first quarter. We not only achieved market leadership in terms of scale, but also enhanced operational efficiency. These new initiatives hold strategic value and synergies with our Core local commerce segment, and we expect them to generate more financial value in the future.

Since the beginning of the year, China’s local commerce industry continued to grow steadily. We effectively captured the industry growth, swiftly adapted to the dynamic change of the consumption environment, and invigorated local commerce, which also led to our robust performance in the first quarter. We continued to cultivate the “Everything Now” lifestyle through our on-demand retail business, and satisfied consumers’ evolving demand across consumption categories and scenarios through our in-store, hotel and travel businesses. Looking ahead, we strive to offer merchants more diverse marketing tools and online solutions, while providing consumers with enriched value-for-money products and services. After we implemented our organizational restructuring in the first quarter, we are poised to iterate our growth model, foster synergies across business units, and integrate our operations in the Core local commerce segment. We will continue to work closely with all the participants in our ecosystem, and fulfill our mission that “we help people eat better, live better”.

Our revenues increased by 25.0% to RMB73.3 billion for the first quarter of 2024 from RMB58.6 billion for the same period of 2023. We achieved revenue growth in both reportable segments.

The following table sets forth our revenues by segment and type for the first quarter of 2024 and 2023:

Total	42,885,336	15,732,136	58,617,472

Our revenues from the Core local commerce segment increased by 27.4% to RMB54.6 billion for the first quarter of 2024 from RMB42.9 billion for the same period of 2023. The revenue growth in delivery services and commission was primarily due to the substantial growth of our GTV as a result of increase in the number of transactions, partially offset by the lower average order value of our food delivery and Meituan Instashopping businesses. The revenue growth in online marketing services was mainly attributable to the increases in the number of online marketing Active Merchants and average revenue per online marketing Active Merchant.

Our revenues from the New initiatives segment increased by 18.5% to RMB18.7 billion for the first quarter of 2024 from RMB15.7 billion for the same period of 2023, mainly due to the revenue growth in our goods retail businesses.

Costs and Expenses

The following table sets forth a breakdown of our costs and expenses by function for the periods indicated:

	Unaudited Three Months Ended			
	March 31, 2024		March 31, 2023	
	Amount	As a percentage of revenues	Amount	As a percentage of revenues

General and administrative expenses	2,298,323	3.1%	1,994,953	3.4%

Cost of Revenues

Our cost of revenues increased by 22.6% to RMB47.6 billion for the first quarter of 2024 from RMB38.8 billion for the same period of 2023, and decreased by 1.3 percentage points to 64.9% from 66.2% as a percentage of revenues on a year-over-year basis. The increase in amount was primarily caused by the growth in the number of transactions, especially in the Number of On-demand Delivery transactions. The decrease in cost of revenues as a percentage of revenues was mainly due to the improved gross margin of our goods retail businesses, partially offset by the higher delivery related costs as percentage of revenues of our food delivery and Meituan Instashopping businesses as a result of decrease in average order value.

Selling and Marketing Expenses

Our selling and marketing expenses increased by 33.1% to RMB13.9 billion for the first quarter of 2024 from RMB10.4 billion for the same period of 2023, and increased by 1.2 percentage points to 19.0% from 17.8% as a percentage of revenues on a year-over-year basis. Both the increases in amount and as a percentage of revenues were primarily attributable to the increases in Transacting User incentives and promotion expenses as a result of business development, evolving business circumstances and business strategies, as well as the increase in employee benefits expenses.

Research and Development Expenses

Our research and development expenses was RMB5.0 billion for the first quarter of 2024, remaining stable on a year-over-year basis. The percentage of revenues decreased by 1.8 percentage points to 6.8% from 8.6% on a year-over-year basis, due to improved operating leverage.

General and Administrative Expenses

Our general and administrative expenses increased by 15.2% to RMB2.3 billion for the first quarter of 2024 from RMB2.0 billion for the same period of 2023, which was primarily attributable to the increase in employee benefits expenses. The percentage of revenues was 3.1% for the first quarter of 2024, remaining stable on a year-over-year basis.

Net Provisions for Impairment Losses on Financial and Contract Assets

Our net provisions for impairment losses on financial and contract assets decreased to RMB175.4 million for the first quarter of 2024 from RMB255.3 million for the same period of 2023, which reflected the changes in expected credit losses for financial assets.

Fair Value Changes of Other Financial Investments at Fair Value Through Profit or Loss

Our fair value changes of other financial investments at fair value through profit or loss changed to a loss of RMB517.1 million for the first quarter of 2024 from a gain of RMB164.0 million for the same period of 2023, which was driven by the fluctuation in the fair value of our investment portfolios.

Other Gains, Net

Our other gains, net for the first quarter of 2024 was RMB1.4 billion, compared to RMB1.3 billion for the same period of 2023, which was primarily attributable to the increase in the fair value changes and gains of treasury investments, partially offset by the decrease in the subsidies and tax preferences.

Operating Profit

As a result of the foregoing, our operating profit and operating margin for the first quarter of 2024 was RMB5.2 billion and 7.1% respectively, compared to operating profit of RMB3.6 billion and operating margin of 6.1% for the same period of 2023.

Operating profit/(loss) and operating margin by segment are set forth in the table below.

Total operating profit	<u>5,209,392</u>	7.1%	<u>3,585,721</u>	6.1%

Our operating profit from the Core local commerce segment increased to RMB9.7 billion for the first quarter of 2024 from RMB9.4 billion for the same period of 2023 and the operating margin decreased by 4.2 percentage points to 17.8% from 22.0% on a year-over-year basis. The increase in operating profit was mainly attributable to the growth in GTV as a result of growth in the number of transactions, partially offset by (i) lower average order value of our food delivery and Meituan Instashopping businesses; and (ii) higher Transacting User incentives, as well as more promotion and advertising expenses. The decrease in operating margin was mainly due to lower average order value of food delivery and Meituan Instashopping businesses, higher Transacting User incentives and more promotion and advertising expenses.

Our operating loss from the New initiatives segment narrowed to RMB2.8 billion for the first quarter of 2024 from RMB5.0 billion for the same period of 2023, and the operating margin for this segment improved by 17.2 percentage points to negative 14.8% from negative 32.0% on a year-over-year basis. The improvements in both operating loss and operating margin were primarily attributable to our efforts in improving operating efficiency, especially in our goods retail businesses.

Share of Profits/(Losses) of Investments Accounted for Using the Equity Method

Our share of profits/(losses) of investments accounted for using the equity method changed to a profit of RMB314.2 million for the first quarter of 2024 from a loss of RMB49.8 million for the same period of 2023, as a result of the fluctuation in financial results of our investees.

Profit for the Period

As a result of the foregoing, we had a profit of RMB5.4 billion for the first quarter of 2024, compared to a profit of RMB3.4 billion for the same period of 2023.

Revenues

Our revenues decreased by 0.6% to RMB73.3 billion for the first quarter of 2024 from RMB73.7 billion for the fourth quarter of 2023, which was primarily due to seasonality.

The following table sets forth our revenues by segment and type for the first quarter of 2024 and the fourth quarter of 2023:

Total	55,130,642	18,565,309	73,695,951

Our revenues from the Core local commerce segment decreased by 0.9% to RMB54.6 billion for the first quarter of 2024 from RMB55.1 billion for the fourth quarter of 2023, which was primarily due to the decline in the Number of On-demand Delivery transactions and reduced marketing spending by merchants during the holiday season, partially offset by the revenue growth in our hotel and travel businesses.

Our revenues from the New initiatives segment was RMB18.7 billion for the first quarter of 2024 and remained stable on a quarter-over-quarter basis. The revenue increase in our goods retail businesses was partially offset by the revenue decrease in our certain new initiatives due to seasonality.

The decrease in amount was in line with our revenue decrease due to seasonality, and attributable to the improved gross margin of our goods retail businesses as well. The decrease in cost of revenues as a percentage of revenues was mainly due to the improved gross margin of our goods retail businesses, partially offset by higher courier incentives due to seasonality.

Selling and Marketing Expenses

Our selling and marketing expenses decreased by 17.0% to RMB13.9 billion for the first quarter of 2024 from RMB16.7 billion for the fourth quarter of 2023, and decreased by 3.7 percentage points to 19.0% from 22.7% as a percentage of revenues on a quarter-over-quarter basis. Both the decreases in amount and as a percentage of revenues were primarily attributable to the decreases in Transacting User incentives as well as promotion and advertising expenses, resulting from seasonality.

Research and Development Expenses

Our research and development expenses decreased by 7.8% to RMB5.0 billion for the first quarter of 2024 from RMB5.4 billion for the fourth quarter of 2023, and decreased by 0.6 percentage points to 6.8% from 7.4% as a percentage of revenues on a quarter-over-quarter basis. Both the decreases in amount and as a percentage of revenues were attributable to our efforts in improving operating efficiency.

General and Administrative Expenses

Our general and administrative expenses decreased by 14.9% to RMB2.3 billion for the first quarter of 2024 from RMB2.7 billion for the fourth quarter of 2023, and decreased by 0.6 percentage points to 3.1% from 3.7% as a percentage of revenues on a quarter-over-quarter basis. Both the decreases in amount and as a percentage of revenues were attributable to our efforts in improving operating efficiency.

Net Provisions for Impairment Losses on Financial and Contract Assets

Our net provisions for impairment losses on financial and contract assets decreased to RMB175.4 million for the first quarter of 2024 from RMB408.4 million for the fourth quarter of 2023, which reflected the changes in expected credit losses for financial assets.

Fair Value Changes of Other Financial Investments at Fair Value Through Profit or Loss

Our fair value changes of other financial investments at fair value through profit or loss increased to a loss of RMB517.1 million for the first quarter of 2024 from a loss of RMB61.7 million for the fourth quarter of 2023, which was driven by the fluctuation in the fair value of our investment portfolios.

Other Gains, Net

Our other gains, net for the first quarter of 2024 was RMB1.4 billion, compared to RMB2.1 billion for the fourth quarter of 2023, which was mainly attributable to the decreased subsidies and tax preference.

Operating Profit

As a result of the foregoing, our operating profit and operating margin for the first quarter of 2024 was RMB5.2 billion and 7.1% respectively, compared to operating profit of RMB1.8 billion and operating margin of 2.4% for the fourth quarter of 2023.

Operating profit/(loss) and operating margin by segment are set forth in the table below.

The operating margin for this segment increased by 3.3 percentage points to 17.8% from 14.5% on a quarter-over-quarter basis. The increases in operating profit and operating margin were mainly attributable to lower Transacting User incentives and less promotion and advertising expenses, partially offset by higher courier incentives due to seasonality.

Our operating loss from the New initiatives segment narrowed to RMB2.8 billion for the first quarter of 2024 from RMB4.8 billion for the fourth quarter of 2023, and our operating margin for this segment improved by 11.2 percentage points to negative 14.8% from negative 26.0% on a quarter-over-quarter basis. Share of Profits of Investments Accounted for Using the Equity Method

Our share of profits of investments accounted for using the equity method decreased to RMB314.2 million for the first quarter of 2024 from RMB705.5 million for the fourth quarter of 2023, as a result of the fluctuation in financial results of our investees.

Profit for the Period

Reconciliation of Non-IFRS Accounting Standards Measures to the Nearest IFRS Accounting Standards Measures

To supplement our consolidated results which are prepared and presented in accordance with IFRS Accounting Standards, we also use adjusted EBITDA and adjusted net profit as additional financial measures, which are not required by, or presented in accordance with IFRS Accounting Standards. We believe that these non-IFRS Accounting Standards measures facilitate comparisons of operating performance from period to period and company to company by eliminating potential impacts of items that our management does not consider to be indicative of our operating performance such as certain non-cash or one-off items and certain impact of investment transactions. The use of these non-IFRS Accounting Standards measures has limitations as an analytical tool, and one should not consider them in isolation from, or as a substitute for analysis of, our results of operations or financial conditions as reported under IFRS Accounting Standards. In addition, these non-IFRS Accounting Standards measures may be defined differently from similar terms used by other companies.

Adjusted EBITDA represents profit for the period adjusted for (i) fair value changes of other financial investments at fair value through profit or loss, other gains, net, finance income, finance costs, share of profits/(losses) of investments accounted for using the equity method and income tax expenses; and (ii) certain non-cash or one-off items, consisting of share-based compensation expense, amortisation of intangible assets, depreciation of property, plant and equipment, and certain impairment and expense provision.

Adjusted net profit represents profit for the period adjusted for (i) certain non-cash or one-off items, consisting of share-based compensation expense, amortisation of intangible assets resulting from acquisitions, and certain impairment and expense provision; (ii) net gains/(losses) from certain investments; and (iii) related income tax effects.

The following table sets forth the reconciliations of our non-IFRS Accounting Standards measures for the three months ended March 31, 2024 and 2023, and the three months ended December 31, 2023 to the nearest measures prepared in accordance with IFRS Accounting Standards.
